**Broadcast on
Dish Network Channel 219**

**All Bulls Carcass Ultra-
Sounded & tested
negative for PI BVD.**

Bulls wintered free until April 1.

Greetings Folks,

We would like to welcome you and look forward to seeing you at our Annual RANGE CALVED – RANGE RAISED® Calving ease sale January 15, 2011 in Buffalo Wyoming.

We follow the same philosophy in our spring calving cows as we do in our RANGE CALVED RANGE RAISED® summer calving program. All of the cows calve out on their own with genetic selection of lighter birth weights in the spring herd.

To range calve we must have predictable sires that calve easily and leave a quality product. You will note over 90 of the bulls sell with the influence of OCC Emblazon 854E, more than anywhere else in North America. This is for one simple reason; these genetics have excelled in our environment in a dominant way. We are breeding these genetics heavily into our cowherd because it leaves us an exceptional product and we believe it will do the same for you. You will also notice we are selling 31 sons of GDAR Game Day. He is not a “changer” bull for us but a bull that we are using to breed the same type of cattle Emblazon has with the same type of predictability.

As we have bred these females for generation after generation we have found that a certain body type evolves that fits the ideal type of female that can survive and thrive under these conditions. Moderate framed cows that are easy doing, productive, have good udders, and exceptional mothering ability rise to the top. Survival and vigor of newborn calves is essential and bred in for generations. You will note on the Calving Ease Direct Scores generated by the AAA that many of our reference sires are among the top 2% for calving ease in the breed. This is not a result of breeding for a number, but breeding for a certain type of animal that works, and having that type reflected in those scores. The number we invest in is problem free cattle that are profitable to raise for our customers and ourselves.

Northern Livestock Video will be broadcasting our sale via satellite on Dish Network Channel 219. If weather or distance prohibits you from making it to Buffalo please contact Kendrick Redland or Marcy Livestock Services and ask about our Guaranteed Bid Program. There is a 100% satisfaction guarantee for cattle purchased in your absence if you contact us and we assist you with your purchase.

We invite you to evaluate this group of deep bodied, easy fleshing, heavy muscled, calving ease bulls for your program. Don't hesitate to give us a call anytime if we can be of further assistance. We look forward to seeing you and hope you can join us for lunch starting at 11:30 a.m. on sale day, January 15th.

Kendrick & Sharon Redland

***If You Are Unable To Attend The Sale,
Watch & Bid Live Via Satellite On DISH Network, Channel 219.***

**DISH Network
Channel 219**

Northern Livestock Video Auction's live audio and pretaped video of each animal selling will be broadcast on Dish Network Channel 219. You can view streaming video at www.northernlivestockvideo.com. Interested buyers can call in and live bid on the lots selling. Northern Livestock representatives handling the phones will turn the bid in directly to the auctioneer.

Information and buyers numbers can be received by contacting Northern Video Auction at 1-866-616-5035 prior to or before the sale starts on sale day. You must pre-register and have a buyer number to bid.

View the online CATALOG & VIDEO CLIP of each BULL at www.northernlivestockvideo.com or link to it through www.redlandangus.com. Preview DVDs are available and can be requested by contacting Redland Angus.

Sale will begin on Dish Network Channel 219 exactly at 1:00 PM MST.

BUYERS UNABLE TO ATTEND THE SALE

CALL ABOUT OUR GUARANTEED BID PROGRAM

A 100% satisfaction guarantee for cattle purchased Sight Unseen is offered by Redland Angus Ranch if Kendrick Redland or Marcy Livestock Services assist you with your purchases.

Bulls do not sell in catalog order.

Information

SALE TIME: 1:00 PM

LUNCH: Complimentary lunch at noon.

INSPECTION: Cattle are available anytime at the ranch and will be in Buffalo from January 13th until the sale.

ACCOMMODATIONS: Please call if you wish us to reserve you a room. There are several motels in Buffalo and Sheridan, Wyoming.

Comfort Inn, Buffalo, WY 307/684-9564
Ask for the Redland Sale rate at the Comfort Inn

Econo Lodge, Buffalo, WY 307/684-2219
Super 8, Buffalo, WY 307/684-2531
Crossroads Inn, Buffalo, WY 307/684-2256

TRANSPORTATION: Sheridan, Wyoming is served by United Express, and Billings, Montana is served by several airlines.

WINTERING: Wintering is free until April 1, 2011 on bulls.

TERMS AND CONDITIONS – CASH: Cattle sell under the terms and conditions of the American Angus Association.

ULTRASOUND DATA: All ultrasound data will be available the week of the sale and posted on the Redland Website at www.redlandangus.com.

Announcements from the block will take precedence over information in this catalog.

BIDS: Prior to the sale, bids can be phoned into Kendrick Redland at (home) 307 -347-2270 or (mobile phone) 307-272-5704 **after January 13** you can reach Kendrick at Buffalo Livestock Auction 307-684-0789 or in the evenings at Comfort Inn 307-684-9564 or George Marcy at his mobile phone 308-430-2005.

TRUCKING: Please contact us ahead of time if arrangements need to be made. To limit the stress and time that bulls are on the trailer, if a load has multiple owners, bulls may be delivered to a central point. Delivery to central points within 1000 miles on bull purchases totalling \$4500 or more.

HERD HEALTH: All cattle sell with proper health papers for interstate shipment. A rigid herd health program is followed. All cattle selling have been calfhood vaccinated with 7 Way Somnus at branding and again at weaning along with IBR, PI3, BVD, BRSV and Ivomec Pour On. All bulls have been fertility tested and scrotal measured and are guaranteed breeders. All bulls tested negative for PI BVD

RETAINED INTEREST: Redland's will retain a 1/3 semen interest in all bulls selling..

SUPPLEMENT SHEET: A supplement sheet will be posted with updated weights, scrotals and sale order on Redlands' website at www.Redlandangus.com as soon as the information is available.

GUARANTEE

All bulls selling for \$2,000 or more will be covered 50% by **Redland Black Angus** if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between **Redland Black Angus** and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2011.

Example 1: A \$5,000 bull is injured and will not heal. A credit of \$2,500 minus one-half any salvage value will be given to the buyer.

Example 2: A \$2,000 bull is injured and will not heal. A credit of \$1,000 minus one-half of any salvage value will be given to the buyer.

Example 3: A \$1,750 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

This is not a mortality policy. Mortality coverage can be purchased sale day.

CALVING EASE DIRECT SCORE

Calving Ease Direct Score is an EPD that predicts the average difference in calving ease with which a sire's calves will be born when he is bred to first calf heifers. Simply put, the higher the score, the easier calving the bull is predicted to be when bred to first calf heifers. We felt it might have some value to our customers for bulls you are considering for range calving heifers.

31 Game Day sons sell

GDAR Game Day son out of an EMBLAZON daughter

GDAR GAME DAY is a bull that we have selected to complement the genetics that Emblazon has produced in our program for so many years. He is not a "changer" bull but a bull that we are using to breed like to like phenotype for generation after generation. This genetic combination is consistently siring the type of genetics that work in a program where cows must be profitable in a forage based environment. This propagates the efficiency & predictability the ranching industry demands in a least cost, total grass based production system.

**REDLAND ANGUS IS THE SOURCE OF THE MOST
EMBLAZON SONS TO SELL IN NORTH AMERICA.**

**Over 90 Bulls
Sell Carrying His
Influence**

EMBLAZON exemplifies what the Redland Black Angus Range Calved – Range Raised® program is all about: deep ribbed, heavy muscled cattle that are highly efficient and thrive under harsh conditions to raise a big calf at weaning. His daughters are moderately framed, beautifully uddered, heavy muscled, easy fleshing converters of grass.

2-year-old EM heifer with Game Day calf.

Calving Ease Bulls Raised

Spring Calving Cows

Late Fall - trailing to winter range.

Cows on Winter Range.

Spring calving time.

Spring Cows on mountain Summer Range.

the Commercial Man's Way

Feed is the major cost in any cow/calf operation.

Research has demonstrated reproduction is from two to ten times more profitable than carcass traits.

High capacity, deep volume, easy fleshing convertors of grass produce high growth calves with optimum efficiency.

Following the same philosophy of the summer calving Range Calved - Range Raised® program. All spring cows calve out on their own with a focus on lighter birthweight genetics. They are bred to sire progeny that survive and thrive on native forage and practical management to increase your profitability and lower your production costs.

COST EFFICIENCY = PROFITABILITY

For a commercial operation to generate a high level of cost efficient production, it must have a cow herd which will cope with fluctuating nutritional conditions and still be productive without requiring high levels of supplemental feeding. A low maintenance, productive cow herd that can efficiently utilize available resources is the key. This is a function of body type and not EPD's or other numbers.

All cattle do well when fed grain as it is an environment providing a constant level of ideal nutrition. Not all cattle do well in a grass-based environment with fluctuating levels of nutrition. Any stand alone commercial breeding operation targeting maximum sustainable net profit is virtually a total grass based production system. At Redland Angus we are raising our cattle in the same method most of our commercial customers do and have found that only generations of cows bred to meet these requirements stand the test.

A commercial producers net profit is tied to their herds ability to efficiently utilize what grass is available throughout the year. The same is true for us and the cattle we produce and offer for sale.

O C C Restyle 614R

Restyle 614R is a 2300# bull with exceptional rib and fleshing ability. A bred leader in CED and \$EN. He is a surefire heifer bull for us in our range calving program. Daughters are smooth made and easy fleshing with high quality udders.

OCC Dixie Erica 716D - Dam of OCC Restyle.
Pictured at 10 years of age.

THE ANGUS FEMALE IS THE HEART OF OUR PROGRAM

These high capacity, deep-ribbed, easy-fleshing females have been raised and sorted on native range and have answered the challenge of being cost efficient producers. In an entirely forage based program, they have raised heavy calves, stayed in condition and bred back early with low input costs and minimal labor.

Thanks for Coming!

See you November 19, 2011 for our fall
