On-line catalog & video at www.northernlivestockvideo.com

Welcome to our annual “Early Fall Preview” video auction. We have a great line up of both cattle and sheep for this big 2 day sale.

We will start Monday at 8:00 AM MDT with the light weight calves then move into the Red Angus influence calves, followed by the yearlings around 11:00 AM MDT. After the yearlings we will have an afternoon of high quality mid weight calves with a large number of replacement quality heifers in the mix.

On Tuesday we will start at 8:00 AM MDT with the sought after Northern big calves. Then move into the Bred Cows & Heifers. Our August sheep video is our biggest sale ever with some very high quality consignments. It will follow the Bred cattle on Tuesday at approximately 12:00 PM MDT.

While much of the nation has an abundance of feed and moisture, much of our trade area has turned fairly hot & dry. Look for these cattle to come with the usual northern genetics in a green package. We invite everyone to Cowboy’s in Huntley, MT for a get together with a great meal and drinks on Monday evening the 22nd. We hope you can make it to Billings for two great days of marketing and an evening of food and socializing with fellow stockmen from across the country. If you come to Montana early the Montana fair will be winding down the 19th & 20th at Metra Park in Billings, MT.

As always the sale will be broadcast live from Billings Livestock Commission. Hitt’s the Spot Cafe will be open at 6:00 AM MDT each morning for breakfast and throughout the day for lunch.

Feel free to contact our representatives for detailed information on any of their lots. They know their consignments and their country very well. Don’t forget our good “Fall Premier Special” on September 19th with a consignment deadline of September 2nd. Thank you for your interest and for your support of Northern and best of luck the rest of the year.

Sincerely,

Joe Goggins
Ty Thompson

This is our second year of our Northern Gold Program. Cattle enrolled will carry this label:

The weight and slide stop has been lowered to 40#. Also this year individual lots can go with an even lower weight and slide stop so pay close attention to that. We feel this program is the gold standard for video auction forward contracts.

Northern Gold Program Offers:

- ✓ Freight adjustment to 100% of gross weight sold on contract not within 95% of head count.
 - Example: If cattle come in light there is a freight adjustment for the buyer unless enough extra head count of like cattle is available. If cattle come in heavy buyer is only responsible to take the weight sold on contract.
- ✓ The same slide up and down from the base weight.
- ✓ 40# weight stop (41# and more over base weight is free to the buyer).
- ✓ 40# slide stop.
 - In the event cattle come in more than 40# light. The slide stops at 40# under the base weight for figuring the sale price/lb. If cattle are more than 40# light, you then take net sale wt times the sale price/lb for total cost of cattle.
- ✓ Cattle must be a PRE-CON 1 (Spring Shots) or better.
 - Note: 7 Way or 8 Way is fine in spring or fall Shots. Somnus is not required in spring just in fall.
- ✓ Cattle must meet a required weigh-up comparable to a 2% pencil shrink on calves and a 3% pencil shrink on yearlings.
 - We have always felt a fair weigh-up is important and with buyers giving from \$1 to \$2 per pound it is imperative.
- ✓ Required slides for weight categories.

Summer Yearling Bulls
150 Bred Commercial Females**

**Buffalo Livestock Auction
Buffalo, Wyoming**

**RANGE CALVED -
RANGE RAISED®**
cows must be
fertile, early
maturing & easy
fleshing. They
must be able to
calve unassisted
and take care of
their calves on
their own in a
range
environment.

The more efficient a cow herd is at converting roughage, the greater the potential for reducing input cost and increasing profitability.

WE LET YOU KEEP THE REINS IN YOUR HANDS.

Most people can sit on a horse, but depending on rider experience, the horse's performance will vary greatly. And, if thrown, many will walk away.

At U.S. Bank, our ag bankers have the experience to recognize the opportunities and risks associated with the cattle industry. And as with horse and rider, experience and ability are critical to the level of performance that is expected.

We're comfortable with ranchers, backgrounders and feedlots. That's what you need in a banker. One who understands the cattle business and knows how to let you hold the reins.

U.S. Bank... let's keep riding. In Billings, call us at 1-866-386-8542. And, in Miles City, you can reach us at 1-406-232-0810.

Livestock Weighing Made Easy

Mobile Group Animal Scale (shown above)

Hook up to any standard vehicle and tow the scale to the herd in pasture, lot, or sales ring. Weighs Legal for Trade even when off-level up to four degrees. No need to recalibrate or recertify after relocation.

The Static Group Animal Scale (shown right)

The MAS-LC provides reliable, accurate weighing for ranchers and processors that prefer a load cell based weighing system. This scale combines the accuracy of fully electronic weighing technology with steel I-Beam weigh bridge designs typically found in heavy capacity vehicle weighing scales. With a wide range of sizes, the MAS-LC is the right choice for any stationary weighing application.

Feeding Program: Grass, cows, creep feed in Sept
Wt. Conditions: Early AM gather, haul 5 mi, weighed on the Ground with a 2 % shrink.
Comments: This will be a real nice set of Angus steers all out of purebred Angus cows coming off a ranch that has over 80 yrs in the business. The steers will have family brands. Some will be banded in Sept. Could be a few nipped ears.

~ATTENTION~

Dish Network Channel 998 requires a **HD Package**

First step is to see if you can see **Channel 998** with your current setup

There is a Business TV slate up all the times.

If you don't see the slate, call Dish customer support and upgrade to any of the HD packages.

Call Dish customer service at **1-800-333-3474** to upgrade your systems or verify you already have the proper system

May take up to two weeks for installation.

ATTENTION BUYERS

Sellers are responsible for general health certificates. Buyers are responsible, at their expense, for any additional tagging or testing, required by some states. Please check in advance with **Representatives** if your state of destination requires more than a general health, as some ranchers are unable to tag or test.

BUYERS MUST SEND ENOUGH TRUCKS TO HAUL GROSS WEIGHT OF CONTRACT PURCHASED.

Since 1934 — Montana's Pioneer Market

This is our second year of our Northern Gold Program. Cattle enrolled will carry this label:

The weight and slide stop has been lowered to 40#. Also this year individual lots can go with an even lower weight and slide stop so pay close attention to that. We feel this program is the gold standard for video auction forward contracts.

Northern Gold Program Offers:

- ✓ Freight adjustment to 100% of gross weight sold on contract not within 95% of head count.
 - Example: If cattle come in light there is a freight adjustment for the buyer unless enough extra head count of like cattle is available. If cattle come in heavy buyer is only responsible to take the weight sold on contract.
- ✓ The same slide up and down from the base weight.
- ✓ 40# weight stop (41# and more over base weight is free to the buyer).
- ✓ 40# slide stop.
 - In the event cattle come in more than 40# light. The slide stops at 40# under the base weight for figuring the sale price/lb. If cattle are more than 40# light, you then take net sale wt times the sale price/lb for total cost of cattle.
- ✓ Cattle must be a PRE-CON 1 (Spring Shots) or better.
 - Note: 7 Way or 8 Way is fine in spring or fall Shots. Somnus is not required in spring just in fall.
- ✓ Cattle must meet a required weigh-up comparable to a 2% pencil shrink on calves and a 3% pencil shrink on yearlings.
 - We have always felt a fair weigh-up is important and with buyers giving from \$1 to \$2 per pound it is imperative.
- ✓ Required slides for weight categories.

Northern Livestock Video Auction

Livestock Forward Contract Terms & Conditions

BUYER REGISTRATION: Each bidder must be properly registered and have a **NLVA Buyer's Number** to bid.

DISPUTE: If any dispute arises between two or more bidders, the Auctioneer may immediately put the lot up for sale again and resell to the highest bidder. The decision of the Auctioneer shall be final and absolute. The Auctioneer & Northern Livestock Video Auction ("NLVA") reserves the right to reject any and all bids. The record of sale kept by the Auctioneer and Clerk will be taken as final in the event of any dispute. NLVA reserves the right to refuse any bid at the time of the sale. Every effort has been made to ensure the correctness of this catalog, but all announcements from the auction block shall take precedence over the printed material.

PAYMENT: Buyer agrees to pay to NLVA for the benefit of Seller, \$100.00 per head as part payment upon entering into this contract and to pay the remaining balance to NLVA at the time of delivery. If Buyer is present at delivery, payment is to be received at time of delivery. If Buyer is not present at delivery, payment must be received by NLVA no later than 5:00 pm (MDT) the first business day following delivery. This can be done by wire or ACH transfer of funds or by overnight mail on the day of delivery. Seller acknowledges that it has received from NLVA \$85.00 per head as part payment for the livestock and agrees that the remaining balance is to be held in Northern Livestock Video Auction Custodial account for shipper's proceeds, as a deposit on commission, until delivery, when the actual commission can be determined. If Buyer defaults or otherwise fails to take delivery he will forfeit his \$100.00/head part payment. In addition if either Buyer or Seller defaults, the defaulting party shall be liable for actual and incidental damages as are permitted by the Uniform Commercial Code, plus court costs and reasonable attorney's fees.

ACCEPTABLE PAYMENT: a check or wire transfer of funds. *No drafts will be accepted as payment of livestock.* In the event of multiple shipments, payment will be required on each day's delivery. Any and all payments will be made to Northern Livestock Video Auction Custodial Account for Shipper's proceeds.

BANK INSTRUCTIONS

Wire Information: Call Office 866-616-5035	NLVA Mailing Address Northern Livestock Video Auction P.O. Box 31533 Billings, MT 59107	For Overnight Delivery (Fed-Ex/UPS) Northern Livestock Video Auction 2443 North Frontage Road Billings, MT 59101
--	---	--

BASE WEIGHT: Is the estimated average pay weight of the cattle on the day of delivery.

SLIDE EXPLANATION: Example: A lot with a 650# base weight sells for \$200/cwt. If cattle weigh 651# on a 10 cent slide the price would be \$199.90, 660#-\$199.00, etc.

BUYER INSURANCE (MANDATORY) - If the pay weight of cattle is 51 pounds or more over BASE WEIGHT, the slide will increase 4 cents on the total animal weight. If pay weight of cattle is 15% more than the base weight, buyer has option to turn cattle down or renegotiate price.

There will be a 25 pound allowance from the base weight and the slide will be 80 cents per pound under the slide weight on bred heifers and 50 cents per pound under slide weight on the bred cows unless otherwise stated.

INSPECTION AND WARRANTIES: Seller shall deliver within 5% of the stated number of livestock on contract, in the event Seller fails to deliver within 5% of stated number of Livestock on contract, he will be liable for replacing any cattle not delivered with cattle of equal size and quality or make the necessary freight adjustment to Buyer. If Buyer demands, replacement of cattle or freight adjustment will be at Seller's expense and Buyer's approval.

Buyer, his agent, or NLVA shall have the right, at delivery, to sort and reject any stags, crippled, blind, loco, lump-jawed or otherwise un-merchantable cattle, or any other cattle that are not described in this contract, as determined by NLVA. Buyer shall notify NLVA of any grievance regarding any livestock within twenty four (24) hours after possession.

FREIGHT ADJUSTMENT: No adjustment will be given on cattle that weigh below the estimated base weight, if the head count is within 5% of the contract. Buyer is not required to accept a specific number of cattle sold, if they exceed the base weight. **Buyer must compute number of loads from gross weight on livestock contract and have enough trucks available at delivery.**

RISK OF LOSS: The risk of loss of any livestock, whether due to injury or death, passer from Seller to Buyer at the time that the livestock are loaded on the carrier. All agreements and adjustments between Buyer and carrier are independent of this Contract.

WEIGHING CONDITIONS: All cattle will be weighed on a certified scale according to weighing conditions stated in the Livestock Forward Contract. No cattle will be delivered or weighed on days when temperatures are 10 below zero or more.

OVERNIGHT DRY STAND: Cattle will be drylotted (no feed or water) the evening prior to delivery.

HEALTH: Seller shall furnish to Buyer any brand and health certificate required by Federal and State law. Buyer is responsible for notifying NLVA when health certificates are needed.

SPLIT LOADS: Heifer price will be a set \$ amount/cwt as stated in the lot information back of the original price of the steers.

NORTHERN GOLD PROGRAM: Cattle must meet the following criteria: (1) Pre-Con 1 or better, (2) Weigh conditions on yearlings of 3% shrink or comparable to a 3% shrink. Weigh conditions on calves of 2% shrink or comparable to a 2% shrink, (3) **Required Slides for base weight listed on contracts:** 300-400# 30 cents plus, 405-500# 25 cents plus, 505-550# 20 cents, 555-595# 15 cents, 600-695# 12 cents, 700-830# 8 cents, 835-1100# 6 cents, (4) All cattle selling in the Northern Gold Program will have a weight stop at 40# over the base weight (any weight over the 40# is free to the buyer), (5) Cattle will slide both ways, same slide up and down with a **weight stop** of 40# to upside & a **slide stop** of 40# to the light side. **Example:** 500# base weight, sells at \$250/cwt. If cattle weigh 501# on a 25 cent slide the price would be \$249.75/cwt. If cattle weigh 499# on a 25 cent slide the price would be \$250.25. **Example coming in heavy:** 500# base weight, 25 cent slide, sells at \$250/cwt, calves come in weighing 560#, 560#-500#=#60# (40# weight stop) 40#x25 cent slide=\$10.00. Sale price \$250-\$10=\$240/cwt @ 540#. **Example coming in light:** 500# base weight, 25 cent slide, sells at \$250/cwt, calves come in weighing 440#. 500#-440#=#60# (40# slide stop) 40#x25cent slide=\$10.00. Sale price \$250+\$10=\$260/cwt @ 440#. **FREIGHT ADJUSTMENT:** Adjustment will be given on cattle that weigh below the estimated base weight if extra head count from the same contract cannot be provided to fill the load. Buyer is not required to accept a specific number of cattle sold, if they exceed the base weight. Buyer only is required to take gross weight sold on the contract.

BRED CATTLE: Bred cattle are to be pregnancy checked and aged by a licensed veterinarian (at seller's expense) within 30 days prior to sale. Buyer has 7 days upon possession to confirm pregnancy. After 7 days, Seller & Northern Livestock Video Auction will have no further liability for cattle that are not pregnant. Heifers that are sold as Open Feeder Heifers will be pregnancy checked by a licensed veterinarian (at seller's expense) within 30 days prior to delivery. A veterinarian's certificate must accompany cattle.

BRED CATTLE SLIDE EXPLANATION: All breeding cattle will be sold on a sliding scale on the bottom side only. There will be a 25 pound allowance from the base weight and the slide will be 80 cents per pound under the slide weight on bred heifers and 50 cents per pound under slide weight on the bred cows unless otherwise stated. Bred cattle will also be banded vaccinated with a legible tattoo, unless otherwise stated.

COMMISSION: Seller agrees to pay NLVA a commission of 2.25% of the gross proceeds of the sale for calf & feeder contracts, 3% of gross proceeds for bred cows and heifers. The minimum commission charge is \$11.00 per head or 2% of the gross proceeds, whichever is higher for calf & feeder contracts.

NO SALE OR PASS OUT: If Seller elects to decline the highest bid offered at the auction, he must do so **before the next lot is sold.** If Seller declines the highest bid or for any reason withdraws, said livestock from the auction, the No Sale fee is \$4.00 per head on feeder cattle, \$5.00 per head on bred cattle. The No Sale fee will immediately become due and payable.

DESIGNATION OF AGENT: If Seller and Buyer are not present at the auction, Seller and Buyer authorizes Northern Livestock Video Auction to complete and sign a Livestock Contract for the sale of the livestock described in this contract, on behalf of and in the name of the Seller and Buyer, which will make Seller and Buyer obligated to all terms and conditions of the Livestock Contract, as if Seller and Buyer had signed the contract himself. Seller also authorized Northern Livestock Video Auction to negotiate a satisfactory settlement regarding any discrepancies at delivery.

LIEN: Seller warrants that he has good and marketable title to the livestock and that the livestock will be delivered free from all security interests, liens or encumbrances, unless otherwise stated on consignment contract.

DEFAULT: In the event of failure on the part of either the Buyer or Seller (Parties), to fully perform under the terms of this Agreement, the non-defaulting party may pursue any available remedy at law or equity including specific performance against the defaulting party. In addition, the successful party in any action brought to enforce this agreement shall be entitled to costs and reasonable attorney's fees as determined by the Court.

In the event of a default and upon receipt of written notice clearly stating the default, Northern Livestock Video Auction shall deliver the balance of the down payment to the non-defaulting party or in the event of a dispute concerning the performance by either party, Northern may deposit the down payment into an interest bearing account located at US Bank, Billings, Montana and shall place both parties names on the account which shall require a signature from both parties to remove any of the money. Upon payment of the down payment as provided for in this paragraph, Northern Livestock Video Auction, its members, employees and representatives shall be released from any further liability and have no other obligations to either party. The parties understand and agree that Northern Livestock Video Auction does not guarantee the performance of either party and is not a "Party" to this Agreement. The parties further understand and agree that all warranties either expressed or implied are between the parties.

The parties both agree that after payment of the money as described in this provision, they release Northern Livestock Video Auction, its representatives, members, and employees from all responsibility for any default by either party. In no event shall Northern Livestock Video Auction be liable for lost profits or any special, incidental consequential damages however arising.

SECURITY AGREEMENT: Buyer hereby grants Northern Livestock Video Auction a security interest in the livestock described herein, including the products and proceeds thereof, until such time as final payment of the full purchase price of said livestock is made by Cashier's check, wire transfer of funds or until Northern Livestock Video Auction actually receives final payment on any payment item issued. Default shall exist if final payment is not received within one day from the date buyer takes possession of the livestock described herein, or upon the death, bankruptcy or insolvency of the buyer or upon the sale of said livestock without prior written permission. Upon default, Northern Livestock Video Auction, with or without notice, may exercise any and all rights accorded it by law.

Northern Vaccination Program

PRE-CON 1

These calves will be given the following suggested shots at branding:

1. 5 way respiratory. IBR-BVD-PI3-BRSV (Modified live or killed)
2. Pasteurella (both types)
3. Clostridial 8 Way with Somnus

PRE-CON 2

Shots given to calves approximately 3-6 weeks prior to weaning:

1. 5 way respiratory. IBR-BVD-PI3-BRSV (Modified live or killed)
2. Pasteurella (both types)
3. Clostridial 7 or 8 Way with Somnus

PRE-CON 2 PLUS

Two rounds of shots (branding time & 3-6 weeks prior to weaning). Same shots as PRE-CON 2.

PRE-CON 45

These calves are weaned 45 days and had the following shots twice in their lifetime:

1. Modified live IBR-BVD-PI3-BRSV
2. Pasteurella (both types)
3. Clostridial 8 Way with Somnus

PRE-CON 90

These calves are weaned 90 days or more with PRE-CON 2 program.

Northern "All Natural" Program

To qualify for the NLVA "All Natural" program the following procedures must be followed:

- Animals have been born and raised from birth in the United States of America
- Animals have received NO: **antibiotics, synthetic hormones, steroids** or **synthetic growth promotants** - To the Producer's knowledge, all animals receiving medication have been identified and removed from the program.
- That the following items have not been used in the production of these animals and that all feedstuff labels have been checked to be sure that feeds used in the production of these animals, contains NO: **antibiotics, ionophores, growth hormones, or animal by-products of any kind.**

~ATTENTION~

Dish Network Channel 998 requires a **HD Package**

First step is to see if you can see **Channel 998** with your current setup

There is a Business TV slate up all the times.

If you don't see the slate, call Dish customer support and upgrade to any of the HD packages.

Call Dish customer service at **1-800-333-3474** to upgrade your systems or verify you already have the proper system

May take up to two weeks for installation.

ATTENTION BUYERS

Sellers are responsible for general health certificates. Buyers are responsible, at their expense, for any additional tagging or testing, required by some states. Please check in advance with **Representatives** if your state of destination requires more than a general health, as some ranchers are unable to tag or test.

BUYERS MUST SEND ENOUGH TRUCKS TO HAUL GROSS WEIGHT OF CONTRACT PURCHASED.

Notes:

Notes:

Notes:

Trust AngusSource for Documented Genetics

Document the true genetic potential of your Angus-sired calves with AngusSource marketing programs.

Place the AngusSource® stamp of approval on your next calf crop and you'll see that buyers are willing to pay more for documented genetic information. That's proven by recent prices paid for Angus-sired calves enrolled in AngusSource.

Premiums for Angus steers enrolled in the AngusSource USDA process verified program (PVP) reached a high of \$58 per head, and AngusSource heifers generated up to a \$48 per head premium during 2015, according to video auction market data.

AngusSource calves are identified in two ways: a program-compliant ear tag and an AngusSource marketing document, which is distributed to a targeted group of 600-plus buyers who have expressed interest in verified Angus cattle.
