# SITZ *Angus*

## 15th Annual Spring Bull Sale

Welcome to the 15th Annual SITZ Spring Sale. This sale will mark our 67th consecutive sale and 94 years in the Registered Angus business. We don't take this lightly as we couldn't do this without the support of our many friends and valued customers. For this, we thank you for having the confidence in our program and for letting us be your seedstock source.

The demand for straight Angus sired cattle continue to grow. Certified Angus Beef had their best year ever in 2016 marketing well over 1 billion pounds of CAB product. The market tells us straight Angus calves sired by Registered SITZ Angus Ranch Bulls continues to demand top premiums on Superior Livestock and Northern Livestock Video Auctions.

We are truly excited about this year's sale offering as these bulls represent all that we've spent a lifetime striving to breed. You will have the opportunity to buy half brothers in volume. These bulls are summered in big country and high elevations in large contemporary groups. They are the type of bulls that will keep you profitable both now and in the future. We hope they demonstrate our commitment to our customers and the Angus breed over the long haul. We value your trust and will work to continue to validate it.

While we have been fortunate to have sold bulls to seedstock operations and to major AI companies, it is providing bulls for the commercial cattleman that remains to be our focus.

We look forward to seeing you on March 8th and if we can be of assistance in anyway, please give us a call.

**Expected Progeny Difference (EPD)** is the estimate of how future progeny of an individual are expected to perform in each of the listed traits, compared to the progeny of an average individual of the Angus breed.

**Birth Weight (BW)** - expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

**Weaning (WW)** - expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

# WHY WE TEST WITH i50K FROM ZOETIS

Powered by i50K™ from Zoetis, our cattle sell with genomic-enhanced expected progeny differences (GE-EPDs).

With GE-EPDs, we're confident that customers like you can minimize risk in their investment — and enhance the productivity of your cattle.

The benefits of buying i50K-tested bulls and heifers goes beyond added accuracy for the complete range of traits for more productive daughters and progeny. You'll know early on what that animal is likely to transmit to its offspring and potential for performance in the feedlot and on the rail. You can also match the i50K tested sires you buy from us to match calves and replacement heifers — through GeneMax® Advantage™ and GeneMax® Focus™— to make better breeding and management decisions down the road.

Knowing an animal's potential. Continuous progress of your herd. That's why we test with i50K.

Number of progeny records in conventional genetic evaluation needed to achieve the same accuracy as GE-EPDs powered by i50K

# Reference Sires

Investment

## SITZ Investment 660Z | Reg # 17179119

Investment is a must use sire that combines calving ease and performance as well as any other sire. Investment has a stellar pedigree, FP X Upward X 35M (Full sister to Bull Durham). Investment sires tremendous length of body with above average depth of rib. The Investment sire group has been the low scoring sire group for PAP the last 2 years running, making him a logical choice at high elevations. Investment has been the high selling sire group in several of the past SITZ sales.

Reinvested

## SITZ Reinvested 636A | Reg # 17467126

We introduced Reinvested into our program out of respect for his pedigree. His sire, Thunder, is going to go down as one of the all-time greats for producing top notch females that always have a big calf by their side. The dam of Reinvested is one of the best cows ever produced by SITZ Angus Ranch, better known as the dam of SITZ Investment and the soon to be known SITZ Asset. We believe reinvested will produce the kind of females we will be proud to have walk the ranch. Use Reinvested sons to offer extreme calving ease growth and expect them to leave behind a great set of females.

Powerball

## Raven Powerball 53 | Reg # 17632447

Powerball was brought into the STIZ program because we thought he was a bull that would add base width, produce progeny with big top lines, increase carcass merit, and moderate frame size without sacrificing performance. His first two calf crops did just that. An added bonus is the quality of the daughters Powerball is placing into our program, his first daughters coming into production are absolutely amazing and gentle as kittens. Use Power Ball to add calving ease, growth, carcass quality, fleshing ability and fertility.

Epic

## 3F Epic | Reg # 17950219

We purchased Epic after watching him stomp his competition at 3 Forks Ranch. This bull did it all excelling in everything measurable both in performance and genomically and the end result was an unmatched EPD profile. This first calf crop has lived up to the expectations. There is some explosive growth in these Epic sons. This sire has a bright future and is one of the hottest young sires in the breed.

### **Mohnen Substantial 272 | Reg# 17292558**

Substantial was used in our program for the unique ability to combine calving ease with base width and body. These cattle are square made and thick. They are making excellent females moderate in their frame size and easy keeping. Substantial is the only bull in the breed with accuracies above 90% that can offer 18 CED, over 100 YW, and over 100 \$B. The Substantial progeny excel at the ranch level and continue to make an impact downstream in the industry throughout all segments of the industry. Substantial has been used successfully throughout the commercial industry as a sleep all night heifer bull. If you are in need of a heifer bull but still want a bull with some shape and kind look no further.

## **SITZ ANGUS RANCH CUSTOMER MARKETING SERVICES**

A major understanding and belief at Sitz Angus Ranch is that we are only as successful as our customers. We strive to produce genetics that will provide increased economic value and add to your bottom line.

Sitz Angus Ranch is very actively involved in helping our customers merchandise their cattle. Jim Sitz is a representative for Northern Live and Joe Jones and Bob Sitz are representatives for Big Blue Sale Barn. Both work with other representatives around the country to give more marketing options in different areas. These marketing options both provide you with additional marketing options for your cattle. Sitz Angus Ranch also stays in contact with several feedlots interested in buying cattle with high Sitz influenced genetics. We have witnessed added value to the "Sitz Sired" calves that have been listed with all of these marketing alternatives.

Contact us today for more information regarding these Marketing Alternatives!

## **The Sitz Sight Unseen Buyers Program**

If you cannot attend the sale and want to purchase bulls, please give us a call, and we'll be glad to help you with your order.

Please call Jim, Bob or Joe prior to the sale, describing the type of bull, minimum and maximum parameters and price range. We assure you that your bid will be handled with utmost confidentiality and professionalism, spending your money like it was our own.

We guarantee 100% satisfaction on all orders handled by your Sitz Representative.

## **Bull Delivery**

With the price of livestock transportation at an all-time high, Sitz Angus will be implementing the following delivery policy. We hope that this will limit the amount of time the bulls spend in the trailer. We ask for your cooperation in helping with the delivery of your bulls.

Sitz Angus offers free delivery with purchases of \$3,500 or more up to 1,000 miles. Any additional miles the buyer will pay for at actual cost. Deliveries over 1,000 miles will be taken to central points. The central points for delivery will include auction barns, vet clinics and ranches that offer to serve as delivery points. Prior to delivery, we will be in contact with you to establish a central delivery point.

*Logo*

### **SITZ Logo 12964 | Reg # 17746620**

Logo was the high selling bull in the 2015 Fall Sale, selling to JC Heiken and Sons for \$100,000. Logo was admired by many for his impressive phenotype, displaying a tremendous rear quarter, bold rib shape, and extra base width, all in a calving ease package. Logo's mother is one of the great young donor cows in the SITZ program. Logo was used heavily in the SITZ AI program this spring. Semen available through SITZ Angus Ranch. Proudly owned with JC Heiken and Sons.

*Asset*

### **SITZ Asset 402C | Reg # 18220552**

Asset was a crowd favorite and one of the top sellers in the 2016 Spring Sale, selling to JC Heiken and Sons. Asset has seen heavy use in the SITZ AI program this spring due his impressive phenotype, pedigree, and sound feet and legs. Asset's dam has proven herself many times as she is also the dam of Investment, Reinvested, and Response. Asset offers the same astounding muscle expression, base width and breed character as his sire, Resource, with a little more frame and performance than his sire. Semen available through SITZ Angus Ranch. Proudly owned with JC Heiken and Sons.

*Atlas*

### **Koupals B&B Atlas 4061 | 17893917**

We first saw Atlas as a calf at his mother's side on the South Dakota Angus tour, and were very impressed with both Atlas and his near perfect dam. We continued to monitor his development throughout the year as he outperformed his contemporaries and it became an easy decision to acquire an interest in this young sire. Atlas is a performance bull with extra skeletal dimension, tremendous base width and eye appeal. Atlas saw heavy use as an AI sire this spring in the SITZ program. Semen available through Semex. Proudly owned with Semex and Bud Koupal.

Paygrade

### Spring Cove Paygrade 5064 | 18251392

Paygrade is a neat young sire we acquired with ABS. A son of 1682, who is one of the hottest sires going today. Many astute breeders have regarded Paygrade as the best son of 1682 to date phenotypically. Paygrade has explosive muscle pattern and rear quarter, is very strong topped with a lot of breed character. His mother is a near perfect young cow that is moderately framed, has a beautiful udder, and is off to a great start in her production record. Paygrade saw heavy use in the SITZ AI program last spring. Semen available through ABS. Proudly owned with Spring Cove Angus and ABS.

### SITZ Reputation 689C | Reg # 18077651

Reputation was acquired in our 2016 Spring Sale by ST Genetics and Chet Adams. Reputation's mother is a full sister to the famous SITZ Top Game 561X who is dominant for his ability to sire explosive growth and breed leading ribeye. Couple that with the ability of Powerball (Reputation's sire) to increase marbling, and the end result is bound to be favorable. Semen available through ST Genetics. Proudly owned with Adams Angus and Sexing Technologies.
