50th

Welcome to our 2023 Production Sale,

It is with great pleasure to welcome and invite you to our 50th Production Sale. Looking back my first comment is "Boy how time flies", 50 or 60 years ago the goal in raising cattle was to raise a big calf and sell it for as much as you could by the pound. We still strive for big weaning weights, and excellent females but also must remember the reason we raise beef cattle. Consumer demand for high quality angus beef is stronger than ever.

As many of you know for over 20 years we have been feeding many of our own steers and some heifers from our commercial herd at Poky Feeders in Kansas. In doing so we received individual carcass data back after slaughter. This information is very valuable to us as one tool for our breeding decisions in our purebred herd. We feel very strongly we are on the right track, the quality of the carcasses and the grid payments for them has been on the rise for many years.

We are also very pleased that Grant Morgan and Brent Manwarren from Poky Feeders are planning on being here sale day. They will be available to answer any questions anyone may have.

This year to start the sale 160 Commercial Yearling Heifers will be sold. These heifers are out of the heart of the commercial herd. They are bangs vaccinated along with all other preconditioning shots and ready to breed. They were weighed February 7th at 774 pound. Their projected sale date weight will be right at 810-820 pounds. They will mature to super cows for their new owner.

The Bulls will follow. 115 top of the top will sell. These powerful yearling bulls have been born, raised and fed right here on the ranch. They are evaluated daily and the selection for this sale offering is carefully done keeping in mind the customer owning their new purchases.

Also selling will be approximately 40 Cow/Calf Pairs the majority of these pairs will be out of our 10 year old cows. These cows have proven themselves over and over with a super calf by her side.

Customer satisfaction is and always will be a high priority here at APEX. We strive to produce seed stock that will benefit our commercial customers.

Again we invite you to our Production Sale. If for some reason you can't make it but would like to bid Pre-Register with Northern Video. Another option get a hold of any of us here at Apex, the Auctioneer or Ringmen and your bidding will be handled professionally. Don't forget our sight unseen guarantee.

We sincerely thank you for the confidence so many of you have placed in Apex Angus. We remain dedicated in producing seed stock that will enhance the commercial cattleman birth to plate.

Sincerely,
From all of us at
Apex Angus

FIRST YEAR BREEDING GUARANTEE

All bulls selling for \$3500.00 or more will be covered 50% by Apex Angus if they are injured during their first breeding season. This guarantee does not include death as that can be insured for. Breeding season is defined as a 60-day period following the first turnout of bulls. Fifty percent of the value of the injured bull, minus one-half the salvage value, will be given credit in a future Apex Angus sale or towards a replacement bull if one is available. Salvage value, if any, will be split equally between Apex Angus and the buyer. All injured bulls must be diagnosed by a veterinarian. We also reserve the right to a second opinion by a veterinarian of our choice. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 2, 2023.

Selling First 160 FANCY SOLID FOUNDATION OPEN HEIFERS

These first-class very feminine deep bodied heifers carry peak performance cowherd building traits. Moderately framed, quiet dispositions, and Added-Value carcass returns.

Our vaccination's program is directed by Dr. Robert Lee, DVM. Bangs vaccinations - December.

Compiling Superior Outcross Genetics

Apex's battery of high performance natural service sires are used in both cowherds. When making Herd Bull Selections within herd and/or introducing outside genetics, Apex's decisions are based on the bulls ability to gain, soundness, scrotal development, docility, conformation and a good strong maternal background.

The Apex Angus cowherd does quite a quick turn around. At 15 months of age heifers and yearling bulls are in the breeding pastures. The steers are already on the kill floor furnishing PRIME and CHOICE carcasses.

The bulls and heifers offered in the 3/7/23 sale will keep on doing for you what they've done for years for Apex Angus, an honest and trustworthy job.

THE APEX ADVANTAGE

Apex Angus meets the needs of both the cowherd and marketplace

Our herd sire selection, outcross or in herd are based on balanced EPDs for, docility, feed conversion, solid foundation maternal traits, and of course, carcass merit.

CORNER ON QUALITY

DRIVING VALUE TO FAMILY FARMS

Certified Angus Beef's diverse, global and growing customer base recognizes the brand's commitment to quality from the ranch to the plate. And Angus cattlemen and women remain committed to meeting the demand for the best-tasting and best-sourced beef.

The 5.78 million carcasses achieving the brand's 10 beef quality specifications provided the second-largest supply in the brand's history. The year also marked a record 16.38 million Angus-influenced cattle evaluated for the brand.

Cattlemen's commitment to increasing the high-quality beef supply continues to earn rewards through grid premiums. These payments by packers to producers for brand-qualifying cattle totaled \$182 million last year, or \$3.5 million per week.

"We celebrated some big wins for cattle producers in 2022 and we look forward to 2023 with realistic confidence," says Bruce Cobb, Certified Angus Beef executive vice president of production. "Cattle producers are going to have some headwinds this year, but we will focus on what we can control – supplying the increasing demand for high-quality beef, growing market share and rewarding ranchers for the work they do to supply the leading beef brand."

"Collectively, this brand community influences the direction of an entire industry, building trust and connecting with consumers. As we look forward, these relationships create a more sustainable, profitable and productive future for our partners and family farmers and ranchers."

*-John F. Stika, Ph.D.
President, Certified Angus Beef*

SELECT COW/CALF PAIRS

Groups of yearling heifers, 10-year-old cows and mixed age cows are in pens outside and will not come through the sale ring.

These cows have proven themselves within our herd and we feel they are some of the top cows in the breed. They have worked for us and they will work for you!

Proven cows that have the ability to raise a big calf year after year. Calves mostly out of the top Apex herd sires. The early calves by top AI Sires.

Calves have had all first shots including C&D and Naselgen.

Buyer has the option to take a minimum of 5 head or up to the entire lot.

Buyer needs to arrange delivery on all females in the sale.
