Lot 236B – 10 head
Lot 236B – 10 head
Lot 236C – 10 head
Lot 236D – 12 head

Lot 237A – 10 head
Lot 237B – 6 head

The top bidder of the first lot has pick of all calving groups, with the option to take them all.

Lots 236 and 237 will be broken down as shown above.

This year's offering of 73 true F1 heifers is consigned by Denny & Lori Topf of Faith, SD. Denny is no stranger to quality genetics. We have always admired his eye for the good ones, with a short but powerful list of must-haves. Denny demands his cattle to be front-end performance, sound, big-ribbed and have a great cow family with consistent production.

These heifers are 100% TH sired and their dams are some of the best you'll find in the upper Midwest.

Heifers will weigh roughly 1175 on sale day and are on a complete vaccination program. Bred to front-end Angus bulls.

Free delivery on 50 head or more.
