**Welcome to the Hilltop Angus Ranch annual production sale.** Thank you to our loyal customers and friends for continuing to trust in our breeding program.

With that- this year's sale letter is going to be a little different. As many of you know, Carmen has been through a lot of medical trials this year and we really want to take this opportunity to thank each and every one of you for all your prayers encouraging words and for your help keeping us going through out this. Carmen is now cancer free!!! We could not be happier.

For Carmen, we would like to thank all the prayer warriors that have been on their knees day and night getting her through this. Also, TETWP -Tough Enough To Wear Pink- Central Montana. We cannot thank you enough. We also want to thank Sayer Carlson for all his help keep the ranch running while we were gone.

For the sale we would also like to **Thank** the following individuals. It truly takes a village and without them this would not be possible. Mike and Mardi Vanek/ M& M Cattle Services for clipping the bulls. The Crew at Horizon Vet - Dr. Greg Carlson, Dr. Ashley Knox, Dr. Maddie Comes. Schmitt Livestock- Bjorn, and Angie Flategraf who provide Monday's amazing meal. Joan Carter Gill for the meal on Tuesday. Linda Gluth for the pies that are always a hit! Tracey Allen and Cheryl Cunningham for all your help with the check in and out process. Ron and Randi Frye and Ron Frye Marketing thank you!! Gerri at Ballyhoo Printing and her crew. Brady Johnson and Axmen for meeting our feed needs. Trista Bates for the pictures - Trista graciously stepped in to take pictures when we were in Kalispell with Carmen. Bo Bevis with Northern for the videos. And of course, all the crew that works in the back sale day. We appreciate everything you do to make the sale run smoothly.

We would like to give a special thank you to Hould Feedlot. They fed the bulls this year and again have surpassed our expectations for quality care. Thanks to Bruce, Linda, and Lance

Thank you for coming to the sale. Please enjoy the offering we have brought you. If we can be of any help to answer questions or show the bulls prior to sale day, please give us a call. We would love to show you both the Bulls and Replacement Heifers.

Thanks

The Poser Family.

***Please Join us Monday at 4 pm for a pre-sale meal prepared by Bjorn and Angie Flategraf  
Sale Day, Tuesday April 9, Sale at 1 pm, Lunch at 11:30. See you there!***

## Selling

76 Performance Tested  
Yearling Angus Bulls!

158 Replacement Heifers

# Annual Production Sale

Tuesday

# APRIL 9<sup>th</sup> 2024

Lunch at Noon  
Sale at 1:00 p.m.

3 miles south of  
Denton, Montana

### Auctioneer

Joe Goggins . . . . . 406/ 373-6844

### Sale Location

Old Edwards Ranch Sale Barn south of Denton, Montana.  
See map below.

### Sale Day Phones

406/ 366-3461 Cory  
406/ 366-4049 Gary  
406/ 600-7514 Ron Frye

### Sale Representatives

Ron Frye . . . . . 406/ 600-7514  
John Goggins, *Western Ag Reporter* . . . . . 406/ 698-4159  
Kurt Kangas, *American Angus Association* . . . . . 406/ 366-4190  
Bo Bevis, *Northern Livestock Video* . . . . . 406/ 390-3134  
Devin Murnin, *Western Livestock Journal* . . . . . 406/ 696-1502

### Bids

Bids can be phoned in to our publication representatives or auctioneer.

### Terms and Conditions

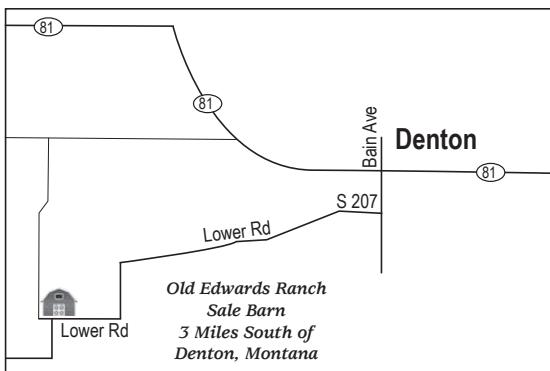

All registered cattle sell fully guaranteed under the standard terms and conditions of the American Angus Association. Announcements Sale Day take precedence over all printed material.

### Delivery

Free delivery in Montana. Beyond at cost. Commercial heifers will be delivered at cost. \$100 discount per load picked up sale day.

### Genomic Enhanced EPDs

EPDs are current as of March 15, 2024.  
Updated EPDs available at [www.Angus.org](http://www.Angus.org)  
All bulls have been DNA tested.  
See page 27 for further information.

### Retained Interest

Selling 100% Semen interest and possession on all bulls unless otherwise noted.

### Sale Order

We will start the sale off with the replacement heifers (see page 5 for more info) followed by the bulls in lot order.

### Inspection of Cattle

Hold Feedlot in Malta and one week prior to the sale at Edwards sale barn in Denton.

### Health

All cattle are vaccinated with or for: 8-Way, Blackleg, IBR, PI3, BVD, treated for grubs. Fertility tested, scrotal measured and carcass ultrasound measured.

### First Year Breeding Guarantee

The bull mortality and loss of use insurance which we offered in years past is no longer available. For this reason, we are now offering a first year breeding guarantee. We hope this breeding guarantee is a suitable replacement.

All bulls selling for \$3000 or more will be covered 50% by Hilltop Angus Ranch if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull will be given as credit in a future sale or towards a replacement bull if one is available. Salvage value, if any, will be split equally between Hilltop Angus Ranch and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2024.

### Sight Unseen Purchase Guarantee

Buyers unable to attend the sale may call or send bids to Cory, Gary, Ron, any of the sale representatives or Northern. Let us know your bull needs and your budget range. We'll bid on and purchase the best cattle possible per your specifications. When they walk off our trailer at your ranch, if you aren't satisfied, load 'em back up.

### Online Bidding

Online bidding options as well as bull videos are available through Northern Livestock and CCI. See page 2 for more information.

Please Bring This Catalog  
With You Sale Day

## Welcome to the Hilltop Angus Bull Sale

On behalf of The Poser Family of Hilltop Angus Ranch, I want to extend a warm welcome to their Annual Bull Sale.

Throughout history, it has been acknowledged that behind every great man (and family, for that matter) stands a great woman. In the case of Gary and the Poser family, that woman is Carmen. As the matriarch of the family, Carmen embodies strength and courage, serving as a profound inspiration to all who know her. Her kindness and grace are qualities we could all benefit from emulating. Carmen has touched countless lives in numerous ways, and during this challenging winter season, we kindly ask that you keep her and the Poser family in your thoughts and prayers.

Turning to the matter of their bull sale, the recent challenges posed by the dry conditions and widespread grasshopper infestation have tested their resilience. However, despite these adversities, Cory's dedication to cultivating a cowherd tailored to their environment has paid off remarkably. The resulting crop of bull calves, though lighter than usual coming off the summer pasture, is a testament to the strength of their breeding program. This year's offering is one of the finest sets of bulls that the Poser family has presented, demonstrating exceptional quality even in the face of extreme conditions. We invite you to join us on the second Tuesday in April for what promises to be one of central Montana's premier bull sales.

Should you require any assistance as you are preparing for the sale, please do not hesitate to reach out to me. I am here to support you in any way I can.

Warm regards,

Ron Frye

**RFM**  
RON FRYE MARKETING  
406.600.7514

### Desktop

1. It is best to use the Google Chrome web browser.
2. **Pre-Register at least one day prior to the sale.**
3. Go to [bid.northernlivestockvideo.com](http://bid.northernlivestockvideo.com) and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit [www.northernlivestockvideo.com](http://www.northernlivestockvideo.com) to view and bid!

### Mobile

Use your mobile device to download the Northern Livestock Auction App and follow the above steps to get approved. *There is an instructional video on how to register to bid on our website [www.northernlivestockvideo.com](http://www.northernlivestockvideo.com)*

### Phone Bidding

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone. **To register with NLVA call 866-616-5035 Before Sale Day.**  
Northern's Sale Day Bid Line: **1-406-245-0889**

View the Online CATALOG and VIDEO CLIP of each BULL selling at [www.northernlivestockvideo.com](http://www.northernlivestockvideo.com)  
Successful bidders making purchases will be contacted following the sale for payment and delivery arrangements.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

## Watch the Sale on CCI.live!

*The best, the fastest and most comprehensive marketing & bidding tool!*

### *How to Bid Online...*

- As a buyer, you DO NOT need to login to watch the sale but you must have a validated account to bid.

To BID ONLINE go to [www.CCI.live](http://www.CCI.live) in your Chrome, Firefox, Safari or other modern browser:

- 1) Click on the sale schedule page.
- 2) Click on the sale of interest.
- 3) Click on Bid Online- Register and then Get Buyer Number

- After you are logged in, you must proceed to the sale page for your auction and click Bid Online - Register, then "Get Buyer Number." Some auctions require valid credit card number on file to obtain a buyer number to bid.

- CCI.live will operate with ease on a modern cellular device, laptop, desktop or tablet.  
- A **current browser** is important and will always make your experience better.

- For successful bidding you must have good Internet service! It is very important to be stationary if bidding. If you are driving and bidding, expect to have some service issues. If you are stationary on a good device, with healthy Internet, expect a very successful bidding environment. If you have slow Internet watch the "asking price" on the screen, it is real time, and refresh your browser if you feel like you have some lag.

- **Support line open during all sales. TEXT 405-400-9505** - Please alert the ranch for your hauling preferences.

Impact instantly proved himself as one of the best breeding bulls we have ever used. His calf crop was consistent and stood out from day 1. He worked well on our heifers the last 2 years and his calves are at the top for performance. They are attractive and loaded with muscle and substance. We have seen his dam and she is a feminine fronted cow with a great udder and exceptional feet.

Rally is now a proven calving ease sire. His calves were the highlight of our sale last year. Rally is a big boned, big footed bull and we consider him a foot improver. Our first Rally females are calving this year and we love their udder quality and look. We are excited to have Rollin Rock Angus partner with us on this outstanding herdsire.

Honestly Reload is exactly what we would expect from the GDAR program. He is a big hipped, thick made bull that is absolutely fault free in his structure. We liked him and his calves so much we use him harder every spring.

## American Angus Association \$Value Indexes

Dollar value indexes, or \$Values, are a tool used to select for several traits at once based on a specific breeding objective. An economic index approach takes into account genetic and economic values as well as the relationships between traits to select for profit.

**Maternal Weaned Calf Value (\$M)**, an index expressed in dollars per head, predicts profitability differences in progeny due to genetics from conception to weaning. Increased selection pressure on SM aims to decrease overall mature cow size and improve foot structure and fertility while maintaining weaning weights consistent with today's production.

**Weaned Calf Value (\$W)**, an index expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning. Over time, increased selection pressure on SW will increase pre-weaning growth through additional weaning weight and maternal milk with expenses adjustment for mature size and maternal milk.

# *Selling 158 Replacement Heifers*

***Heifers will sell first in the sale***

**A**

## **120 Angus Heifers**

120 heifers off of the Kiehl Ranch East of Winnett. These are the real Montana Kind. All one ranch, they have been born and raised in big country and know how to work for a living. Outstanding maternal and performance cow herd. Great cattle and great ranchers.

**B**

## **20 Angus Heifers**

20 heifers from the Ward Family ranch south of Denton. Moderate framed, easy fleshing and outstanding phenotype. We have had great luck with these heifers every year. They make cows.

**C**

## **18 BWF Straight F1 Cross Heifers**

18 BWF straight F1 cross heifers from Dvorak Angus in Lewistown. As High of a reputation herd as there is in Montana. These heifers will flat perform. Their steer counterparts top the market every year.

# Two Year Old Bulls

Lots 1-4 are two year old bulls. They were developed on long stem grass hay in a large pasture with feed at the top and water at the bottom. They have been given a grower pellet since the first of January by hand, they are good footed, gentle, and ready for heavy use.

Lot 1 pictured as a yearling

- Heifer bull
- Weaning Weight 745
- Very good bull. Moderate framed, balanced, with good muscle and structure. Awesome uddered cow family. Dam, grand dam, and 3rd dam are all perfect uddered cows. Grand dam raised a herdbull selling to MR ranch in Wyoming.

- Heifer bull
- Weaning Weight 790
- Lead off yearling bull and a phenotypic standout. Big butt, stout hip, deep, soggy and really good fronted. He just has it all. Was a favorite all summer. Pathfinder dam has 4@106 WW. 1488 is absolutely one of our best looking cows and is a favorite of anyone who sees her. She is elegant fronted, deep bodied, and has a great udder. Top 20% SM, top 10% SW.

- Weaning Weight 762
- A true power bull and one of the top performance and phenotype bulls we have. He is big, stout, clean made and powerful. Herd bull type and kind. Really big topped and hiped. Great look. Was ratioed alone but is obviously a top indexing bull. Dam is off to a great start and our kind. Great udder, deep bodied, and easy fleshing. Grand dam is a nice good producing cow.

- Heifer bull
- Weaning Weight 840
- This was nearly the lead off bull just in honor of his dam. 216 has been a long time favorite. She was a big time cow and this is her last calf, but what a job she did. Her herd bull sons include bulls to Dvorak Angus, Robert Ebling, and a 20k son to Infinity Angus. 216 has a tremendous record of 10@112 NR. She has left us 3 Pathfinder daughters in the herd. The bull is big and good. The cow is exceptional. Pathfinder grand dam. 3rd dam was in production until she was 18. Elite top 1% \$W.

- Heifer bull
- Weaning Weight 670
- Outstanding heifer bull. Smooth and well made through his shoulders and neck. Really good and balanced EPD package as well. Dam is an awesome Pathfinder daughter of granite. Grand dam is one of the best donor cows ever in the Sitz program. Strong cow family behind this good bull. Top 25% \$M, 10% \$W.

• Heifer bull  
• Moderate framed. Should make outstanding replacement females. Our Constitution daughters are maybe the nicest uddered and best milking cows we have ever had.

# DEDICATED. COMMITTED.

WHOLE HERD REPORTING WITH MATERNALPLUS

## DEDICATED TO DATA.

Dedicated to Data. We devote extra time to collect maternal traits beyond those required to target greater performance and predictability. Our goal is to not only to improve our genetics today, but also prepare for the future of the Angus breed.

## COMMITTED TO IMPROVEMENT.

Raising quality registered Angus cattle takes commitment. As your genetic supplier, we take that seriously. That is why we believe a commitment to the female starts with Maternal Plus.

Contact AGI at 816-383-5100 or [agi@angus.org](mailto:agi@angus.org) for more information

# ANGUS

THE BUSINESS BREED

# Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

## How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

Bar None is the most complete bull ever raised at Hoffman ranch and a rising star for Genex.

He is a well balanced bull that is heavy muscled and sound structured. Bar None is unmatched in his combination of visual quality, genetic predictions, and powerhouse pedigree.

Bar None is backed by the world famous dam HA Rito Lady 3839.

The oldest calves have been weaned at Hoffman ranch in the fall herd and Jason reports that they may be the best sire group of both sexes ever weaned in their fall herd. At Hilltop we have calves out of heifers and cows on the ground and can say they offer great calving ease and amazing early growth.

**Semen is available. Please contact Genex.**
