

For over *four* decades, our *family* has *focused*
on building a *foundation* with a *functional* cowherd.

BAR JV ANGUS

Tuesday, **March 25, 2025**

1 p.m. MDT :: Bar JV Sale Barn :: North of Sidney, Montana

Selling: 107 :: Angus Bulls
103 :: Commercial Angus Heifers
15 :: F1 Baldy Heifers

Bar JV Angus would like to welcome you to our 2025 production sale. We want to take this opportunity to thank you for your continued support and interest in our program.

We have been focused on raising functional and efficient cows for almost 50 years now and our goals remain the same. Our ideal is for them to stay in the herd for many years and raise a big calf with little maintenance. We are proud of the fact that we have numerous cows that are ten plus years old and are still productive, proving longevity and performance in our herd. With all the new technologies available to us, our selection criteria continue to remain the same. We put an emphasis on calving ease, length and bone in our cattle along with good feet and udder quality.

Once again, we started off the year with good moisture. Unfortunately, the combination of the rain stopping, coupled the unwelcome grasshoppers being a factor, made for weaning weights still being a little on the light side. The bulls really took off after they got in the feedlot. This group of bulls may be the best set we've raised to date. There are many herd sire prospects in the offering that I could sit and write a bunch of footnotes on but I don't have the time to write them and I'm sure you all don't have the time to read them. There is a large selection of heifer bulls and an outstanding set of power bulls that will add pounds to your calf crop. The offering of Resilient bulls will be one of the largest offered anywhere and they are sure to impress! Another sire group to watch are the Reward calves. He is a nice compliment to Resilient — they will really catch your eye!

We worked with Derik Pierce and Colton Oney of Anipro to develop our feed ration for us again this year. We fed the bulls a high roughage ration consisting of alfalfa, grain hay, millet hay, silage, whole corn and oats in our own feedlot here at the ranch. We choose not to push our bulls on feed. We want them to gain about 2.75 to 3 lbs./day. This ensures that they will last for many years. Flax-Lic tubs are also offered to improve semen quality.

Our bulls are fertility tested by Dr. Gary Scheiber of High Plains Veterinary Clinic in Sidney, MT. A supplement sheet with yearling weights and scrotal information will be available on sale day. All bulls have been DNA tested with Zoetis HD50K test. We expect these results to be available on sale day.

We encourage you to go to www.barjvangus.com to view videos of the bulls.

You are welcome to come by the ranch anytime to evaluate the bulls, heifers or the cows. We would love to show you our operation and offer help with selections. We are always happy to discuss any questions you may have about our program or the cattle. If you are unable to attend, please do not hesitate to call us or one of the representatives to help you with bull selection or your bids. The sale will be broadcast live on Northern Livestock Video Auction. You have the option to register and bid with them as well.

There is a lot of optimism in the cattle industry right now! If you are interested in assistance marketing your calves, Dale is a representative for Northern Livestock Video Auction.

Thank you for your continued loyalty and support. We value your trust and confidence in us here at Bar JV Angus.

We look forward to seeing you on sale day.

The Vitt Family,

Jim and Loretta :: Dale and Jill :: Cody and Sierra

Annual Production Sale
TUESDAY, MARCH 25, 2025
1 p.m. MDT • Bar J V Angus Ranch and Feedlot

Selling:
107 :: Angus Bulls
103 :: Commercial Angus Heifers
15 :: F1 Baldy Heifers

Auctioneer:

Joe Goggins(406) 373-6844

Sale Day Lunch:

Free lunch will be available at 11:30 a.m. on sale day.

Sale Day Phone Numbers:

406-798-3653 or 406-798-3506
Dale(406) 480-5676
Jim(406) 630-2959
Cody(406) 480-4791

Accommodations:

Richland Motor Inn(406) 433-6400
Lone Tree Motor Inn.....(406) 433-4520
Microtel Inn and Suites(406) 482-9011
Best Western.....(406) 433-4560
Holiday Inn Express(406) 433-3200

Representatives:

Kurt Kangas
American Angus Association(406) 366-4190
Barry Ellis
Western Ag Reporter(406) 855-4183
Devin Murnin
Western Livestock Journal(406)-696-1502
Bo Bevis
Northern Livestock Video(406)-390-3134

Terms & Conditions:

All cattle are to be settled for sale day unless prior arrangements have been made. Please leave specific instructions in writing for transfer and shipping. Each animal will be sold to the highest bidder with the auctioneer settling any disputes as to bids. Announcements made from the auction block take precedence over any printed material. The cattle sell under the suggested terms and conditions as adopted by the American Angus Association.

Sale Location:

Bar JV Angus is located 20 miles northwest of Sidney, MT. Turn left between mile markers 18 and 19 on County Road 340. Or, the ranch is located 18 miles south of Culbertson on Hwy 16. Turn right between mile markers 18 and 19 on County Road 340.

Herd Health:

All cattle will be accompanied with proper health papers for immediate shipment within the continental United States. All sale animals are calfhood vaccinated, including 7-Way, IBR, BVD, P13 and Pasteurella, Fusogard, Pinkeye vaccine and Multi-Min 90. Heifers have received a BVD booster and Lepto Vibro shot this spring.

Watch for bull sale signs. 14043 Co. Rd. 340 Fairview, MT 59221

Cattle Inspection:

Cattle can be viewed at the ranch anytime before the sale.

Videos:

Videos of sale bulls available at: www.barjvangus.com

Sale Order:

Bulls will sell first in catalog order with heifers to follow.

Online Bidding:

Live broadcast and real-time bidding available on Northern Livestock Video Auction.

Note:

Buyers unable to attend the sale may send or phone their bids to the auctioneer, the representatives or owners; or bid via Northern Livestock. Please register prior to sale day for Northern Livestock bidding.

Thank You ...

High Plains Veterinary Clinic
for testing the bulls and herd health.

Cow Camp Promotions,
for the catalog design.

A big thank you to **Julie Goss**
for helping in the office every year.

Guarantee

Bar JV Angus are providing a first-year breeding season guarantee on all bulls selling for \$3,000 or more. Breeding season is defined as the 90-day period following turnout. While we do everything within our power to ensure the bulls are sound breeders, sometimes things happen. If a bull is found to be an unsound breeder, a replacement will be provided if one is available. Otherwise full credit will be given in the following year's sale. Other injuries will be covered 50% of the value of the bull less salvage value to be used the following year. All injured bulls must be diagnosed by a licensed veterinarian. The owners reserve the right to have our vet inspect the injured bull. Please notify the owner as soon as possible should injury occur and prior to the bull being sold for salvage. The guarantee does not cover any treatable condition such as foot rot, pinkeye, etc. If neglect by the owner is shown on a treatable injury, no credit will be given. All claims must be made by September 30.

Liability:

All persons who attend the sale do so at their own risk. Bar JV Angus assumes no liability, legal or otherwise, for any accidents which may occur.

Registration Papers

All bulls selling are registered. Papers on the bulls will be transferred upon request.

Bar JV Angus reserves the right to retain a 1/3 semen revenue sharing interest in any of the bulls selling. Full salvage value belongs to the buyer. If the seller would wish to collect semen on any of these bulls, it would be at Bar JV's expense and the buyer's convenience.

Fertility and Physical Exam

Complete breeding soundness exams and semen evaluations have been conducted by High Plains Veterinary Clinic. Exam reports are available for inspection. Yearling information, scrotal measurements and ultrasound data will be available sale day.

Crew Out Back:

Logan Kjos, Casey Denowh, Tyler Thiessen, Kelly Vitt,
Shawn Shipman, Jim Buckley, Colin Gartner,
Alex Young, Josh Smith, JP Vorster,
Alex Villareal

Helping with Lunch:

Ruben Moreno, Connie Iversen, Shari Vitt,
Connie Murphy, Susan Gorder,
Lanette Young and Cynthia Vitt

Delivery:

Free delivery for the first 750 miles. A \$100 credit per bull will be given if you take your purchases home with you sale day.

Heifers are responsibility of buyer as soon as sold. If you need help with trucking we can be of assistance.

Sight-Unseen Purchase Guarantee

Buyers unable to attend the sale may call or send their bids in to Dale or Jim or any of the representatives listed. If the bull(s) purchased are not as presented, the purchased bull(s) can be returned to the owner at no cost to the buyer.

EPDs:

The EPDs are current as of February 17, 2025.

PRE-SALE

Please feel free to come out Monday evening to view the cattle and join us for dinner.

Bid through Northern Livestock Video Auction's NEW Online Bidding Platform!

Desktop and Mobile Friendly

For the Desktop:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

For the Mobile:

Use your mobile device to download the Northern App and follow the above steps to get approved.

There is an instructional video on how to register to bid on our website, www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

Phone Bidding:

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

To register with NLVA call 866-616-5035 Before Sale Day.

View the Online CATALOG and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com.

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

Northern Livestock's Sale Day Bid Line: 1-406-245-0889.

AMERICAN ANGUS ASSOCIATION SELECTION TOOLS

Expected Progeny Difference (EPD), is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus.

Accuracy (ACC), is the reliability that can be placed on the EPD. An accuracy of close to 1.0 indicates higher reliability. Accuracy is impacted whether the animal has a genotype and the number of progeny and ancestral records included in the analysis.

Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Residual Average Daily Gain (RADG), feed efficiency expressed in pounds per day, is a predictor of a sire's genetic ability for postweaning gain in future progeny compared to that of other sires, given a constant amount of feed consumed.

Yearling Weight (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Yearling Height (YH), is a predictor of a sire's ability to transmit yearling height, expressed in inches, compared to the that of other sires.

Scrotal Circumference (SC), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

MATERNAL

Heifer Pregnancy (HP), is a selection tool to increase the probability or chance of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season. A higher EPD is more favorable.

Calving Ease Maternal (CEM), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.

Maternal Milk (Milk), is a predictor of a sire's genetic merit for milk and mothering ability in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

Mature Weight (MW), expressed in pounds, is a predictor of the difference in mature weight of daughters of a sire compared to the daughters of other sires.

Mature Height (MH), expressed in inches, is a predictor of the difference in mature height of a sire's daughters compared to daughters of other sires.

MANAGEMENT

Docility (DOC), is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility in a sire's offspring compared to another sire.

Claw Set (Claw), is expressed in units of claw-set score, a lower EPD is more favorable, indicating a sire will produce progeny with more symmetrical, even and appropriately spaced toes.

Foot Angle (Angle), is expressed in units of foot-angle score, a lower EPD is more favorable, indicating a sire will produce progeny with an angle closer to 45 degrees at the pastern and appropriate toe length and heel depth.

Pulmonary arterial pressure EPD (PAP), is expressed in millimeters of Mercury (mmHg), with a lower EPD being more favorable indicating a sire should produce progeny with a lower PAP score to decrease the risk of progeny contracting high altitude disease most commonly experienced at 5,500 ft or greater in elevation.

CARCASS

Carcass Weight (CW), expressed in pounds, is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling (Marb), is expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Fat Thickness (Fat), expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib (as measured between the 12th and 13th ribs) of a sire's progeny compared to progeny of other sires.

SVALUE INDEXES

SValue Indexes, reported in dollars per head, are multi-trait economic selection indexes where a higher values suggest more profit when comparing two individuals.

Maternal Weaned Calf Value (SM), expressed in dollars per head, predicts profitability differences in progeny from conception to weaning by decreasing mature cow size and improving docility, foot structure and fertility while maintaining weaning weights consistent with current production.

Weaned Calf Value (SW), expressed in dollars per head, provides the expected difference in future progeny preweaning performance from birth to weaning.

Cow Energy Value (SEN), is expressed in dollar savings per cow each year due to lower cow maintenance energy requirements (due to lactation and body size) with a larger number being more favorable.

Feedlot Value (SF), expressed in dollars per head, is the expected average difference in future progeny performance for postweaning feedlot merit (growth and feed efficiency) compared to progeny of other sires assuming producers retain ownership of cattle and sell on a carcass weight basis.

Grid Value (SG), expressed in dollars per carcass, is the expected average difference in future progeny performance for carcass grid merit, including quality and yield grade attributes, compared to progeny of other sires.

Beef Value (\$B), expressed in dollars per carcass, represents the expected average differences in the progeny postweaning performance and carcass value compared to progeny of other sires. This index assumes commercial producers wean all male and female progeny, retain ownership of these animals through the feedlot and sell on a carcass merit grid.

Combined Value (SC), an index, expressed in dollars per head, includes all traits that make up both \$M and \$B with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and sell them on a quality-based carcass merit grid.

In Memory of Danny Young 1977-2024

This year has been a tough one for us. We had to say goodbye to Danny Young, one of our biggest supporters and my best friend. I have never considered myself a particularly lucky man, but I was incredibly lucky and blessed to have Danny as a lifelong friend; whenever he was around you never had a bad day. Danny was funny, charismatic and endeared himself to everyone he met. He left a big hole in our lives, and I still think about him every day, and wish I could talk to him again.

I'm reminded of a scene in *Lonesome Dove* (one of my favorite movies) where the two retired Texas Rangers, Augustus McRae and Woodrow Call, chase the horse thieves and lose Deets. Woodrow carves "Cheerful in all weathers" on his headstone. This describes Danny perfectly. As many of you know, Danny had a long and difficult eight-year battle with cancer, but what is amazing and inspiring about him is that he always had the best attitude and a big smile. I have wondered if his knowledge that he wasn't promised tomorrow made him focus on the positive and live every day to the fullest.

Danny was always there to lend a hand if we needed help; this year's sale won't be the same without him. We're incredibly thankful for all the good times and memories we have.

Don't buy an imposter.

Not all "Angus" bulls are **REGISTERED** Angus bulls.

If you see this logo in conjunction with an individual animal or group of animals, you know that that animal is registered with the American Angus Association and backed by the power of **data, programs** and **pedigrees** of the Association.

Invest wisely in those that carry the **Powered By Angus** logo.

Look for the **REGISTRATION NUMBER**.
For more information on the Powered By Angus program, visit:
Angus.org/PBA.

COMMERCIAL HEIFERS

Bar JV Angus Heifers

63 Head Commercial Angus Heifers

These heifers come out of our commercial herd and are sired by our bulls. We don't keep any heifers back this is the top end. They will have a vibrio/lepto shot and should weigh about 725# by sale day. There are no brands on these heifers.

Bar JV Baldy Heifers

15 Head Commercial F1 Baldy Heifers

These heifers are out of some of our registered cows and sired by Hereford bulls. Most of them are AI sired. They will have a vibrio/lepto shot and no brands. They should weigh about 750#.

Young Farms Heifers

40 Commercial Angus Heifers

The Youngs are bringing 40 head off the top end of their heifers. This group of heifers will have a strong influence of our genetics and should make nice cows. They always buy top bulls and have bought many females from us over the years. They will have the vibrio/lepto shot and should weigh in the 725# range as well.

The heifers will sell immediately after the bulls.
