ANGUS FEMALE SALE

FRIDAY, OCTOBER 17TH, 2025 - 5:30 PM
METRA PARK, BILLINGS, MONTANA

Schedule of Events

Thursday, October 16

12 pm Junior Angus Show

Immediately following the Junior Angus Show
Montana Angus Heifer Futurity

4 pm **Ladies of the Beartooths Female Sale,**
Beartooth Ranch

Friday, October 17

9 am ROV Angus Show

11 am MAA Board Meeting

5:30 pm **NILE Angus Female Sale**

Saturday, October 18

11am **A Lasting Legacy Elite Female Sale, BLS**

Welcome to the 2025 edition of the NILE Angus Female Sale.

First and foremost, this sale represents some of the finest Angus females and genetics Montana has to offer. For decades, this event has been a true Montana tradition. The history of consignors and cattle that have passed through this sale is nothing short of legendary.

A heartfelt thank you goes to the consignors who step up each year to make this offering special. Their participation not only strengthens this sale but also supports the Montana Angus Association and its membership, allowing us to showcase the outstanding cattle in our state.

The Montana Angus Association and its board of directors deserve recognition for their unwavering dedication and support of this event.

Special thanks also go to Jillian Frye for her cover design. As we discussed the cover, our goal was to capture the true feeling of the NILE Sale. Yes, it is a cattle sale, but it's also so much more. It is a gathering of breeders from across the country who come together to celebrate Angus cattle and the people who raise them. For many, this is the one time each year they are able to reconnect. The cover reflects that spirit—because it truly takes a village to bring this event to life.

For the juniors in your family, the Montana Angus Junior Futurity offers a great way to be involved. This will be the second year we've included a Genotype Show as part of the futurity. Visit the Montana Angus website for more information.

This year's offering will once again feature an outstanding group of bred heifers and heifer calves. The bred heifers, which do not need to be halter-broke, will be sold on video but will be available to view on site. Several "picks" will sell this year, giving winning bidders the unique opportunity to choose from an entire calf crop. A select group of pregnancies will also sell, offering the chance to purchase quality recipis carrying exciting heifer calves. And for those in the market for embryos, this year's lineup promises to make that portion of the sale especially noteworthy.

Thank you for your interest in the 2025 NILE Angus Female Sale.

EPDS and UPDATES

EPDs are current as of September 9, 2025.
View updated EPDs at www.Angus.org
Additional NILE updates will be available at
RonFryeMarketing.com

HEALTH

Interstate health papers will be furnished
on all cattle selling.

INSURANCE

Will be available sale day.

TRUCKING

Buyer is responsible for trucking. However,
we will be glad to assist in making the best
possible trucking arrangements.

ANNOUNCEMENTS

Announcements from the sale block will take
precedence over the sale book. Buyers unable
to attend may send their bids to Ron Frye
Marketing or field representatives.

LIABILITY

All persons attending this sale do so at their
own risk, legal or otherwise for their safety
or the behavior of the animals. The owners,
Ron Frye Marketing and sale staff assume no
liability for property loss or any accidents that
may occur.

TERMS

Cash - Please settle for cattle promptly. All
cattle sell according to the standard terms and
conditions of the American Angus Association.

TRANSPORTATION

Billings Logan International Airport is served
by all major airlines.

Bred Heifer

offered by 3C Cattle LLC

1

This bred heifer comes to you from one of our foundation cow families. We didn't hold anything back on this one and are bringing to town one of our very best. She is a long-sided, attractive female that will give you some added size and bring in heavy calves at weaning time. Her dam stems back to one of the best cows we have ever raised, and both her dam and granddam have produced top-selling bulls in our annual bull sale.

Her sire, Woodhill Reality, adds cow power, performance, and efficiency, stemming from the great Evergreen tribe, and tops it off with a solid foundation and a body type that is built like a rock. She was ultrasounded safe with a heifer calf and is **due to calve on January 28**. The calf is sired by the young ABS standout, Kennys Institution, who offers an elite maternal data package with outstanding calving ease and vigor.

This is a mating you don't want to miss out on—she will be an asset to your herd for years to come!

Kenny Institution 2010

Heifer Calf

offered by 3C Cattle LLC / 406 Cattle

2

Flashy, eye-appealing, and full of cow power are words that can be used to describe this heifer. We picked her out of the elite end of the 406 & 3C Cattle replacement heifer calves. She demands your attention in the pasture and comes to town with a solid set of EPDs.

Her dam is an impressive cow—very feminine in her design with a beautiful udder. She traces back to the 3210, Basin, and LB Farms herds, and she records progeny ratios of 6@103 WWR and 4@102 YWR.

The sire in this mating is MMP Right Kind J08. He is really wide-based and thick-ended, with definite muscle shape throughout, yet still stamped with balance and attractiveness. She will make her mark and be a cow to take pride in—don't let this one get away!

MMP Right Kind J08
Sire of Lot 2

Heifer Calf

offered by 3C Cattle LLC / Genetic Connection

Quaker Hill Black Bandolier
Sire of Lot 3

Named after the lady that built her, she will be a true matriarch and make her own legacy. This heifer has brood cow potential written all over her, and it is easy to see she is built to wean heavy calves year after year. She has an impressive amount of shape and dimension, yet she also catches your eye with her poise and balance.

She is out of a first-calf heifer that is a daughter of the famous Poss Rawhide. You'll appreciate the overall shape and dimension she carries. The granddam of 5255 has produced multiple high-selling bulls in our annual bull sale.

Her sire, Quaker Hill Black Bandolier, adds a tremendous curve-bender combination with high CED EPDs and Top 1% growth genetics. This heifer will inject both growth and longevity into your herd. We don't normally let these genetics get away—purchase them while you can!

Bred Heifer

offered by Arntzen Angus

**Koupals
B&B Bridger**
sire of Lot 4

Here is an opportunity to purchase one of the top young females that AAR has to offer. Blackcap Kay 4068 is very deep made with a beautiful front end and sound structure. Her dam, A A R Blackcap Kay 6820, is one of our favorite cows. We don't flush many females, but we did her—and we'll be sending her back to the ET center again next spring. Along with her tremendous phenotype, her pedigree is stacked with great cows. Her dam, A A R Blackcap Kay 2817, was a strong producer, posting 7 WR 103 and 6 YR 102. The granddam, A A R Blackcap Kay 9820, is one of our all-time top-producing cows, recording 9 WR 111 and 9 YR 105.

4068's sire, Koupals B&B Bridger 2041, is an exciting young bull that is working at AAR and leased to Beef 360. He combines calving ease, length, and a great muscle pattern. His offspring grow fast and then level off into a moderate-framed mature animal that works perfectly here in Montana. Perhaps Bridger's best trait is the maternal strength in his pedigree. His dam, B&B Blkbd Progress 3015, is one of the most influential cows the Angus breed has ever seen. She has six sons in bull studs, and it looks like Bridger could be her best.

A A R Blackcap Kay 4068 is **AI bred** and confirmed safe to SRS Jericho 9204M, a bull we purchased from Skinner Ranch Seedstock earlier this year. We toured quite a bit this spring, and he hit us harder than anything else we saw—excellent feet and phenotype to go along with a fresh pedigree.

Due February 7, 2026.

**SRS Jericho
9204M**
service sire of
Lot 4

Bred Heifer

offered by Barragree Cattle Co

BCC Rapport
Service Sire of Lot 5

Bringing to the NILE what we believe to be one of our very best bred heifers, and our best Connealy Commerce daughter. The dam of 48M is a well-made Jet Black daughter that checks all the boxes in the fundamentals you want in a Montana Angus cow—tremendous udder, deep-bodied with lots of volume, and really attractive.

48M possesses a quiet demeanor that complements her stunning phenotype. She is definitely a front-pasture kind of female. Her EPD profile will give you plenty of options moving forward.

Her sire, Connealy Commerce, is one of the most popular bulls in the breed. His progeny continue to highlight sale reports wherever he has been used, and his large sire groups are in great demand from commercial cattlemen across the country. Sound, functional, and built to last, his daughters should be herd bull producers with many finding their way to the donor pen.

AI Bred: Due February 1, 2026, to BCC Rapport. Rapport was purchased by ST Genetics in the spring of 2024 from Barragree Cattle Co. Reports on his first calf crop have been excellent—calving ease, strong performance into weaning, and calves with a sharp look. His True North x Sitz Stellar pedigree is as tried and true as you'll find.

Heifer Calf

offered by Barragree Cattle Co

LT Deep Canyon 2040
Sire of Lot 6

A really interesting heifer calf, bred to be competitive in the Futurity and destined to excel as a cow in the future. WR is 109 and her dam WR is 106 on 6. 28N stems from one of the breed's most famed cow families—the Everelda Entense. The BCC cow herd is largely tied to this great lineage. Donor females 53K, 57D, and the immortal 1905 fill up the bottom side of 28N's pedigree. Angus legends such as N Bar Emulation EXT, Prototype 5102 E A R, Leachman Right Time, and Traveler 124 GDAR—just to name a few—are the sires represented in this pedigree. It is truly a lesson in Montana Angus history to study the bottom side of 28N.

Her sire, LT Deep Canyon 2040, is writing his own history. In the spring of 2023, several sons represented the first crop of Ellingson Badlands at the Lindskov LT Ranch annual bull sale; none were better than LT Deep Canyon 2040. He was purchased by Duff Cattle Co. Keep an eye out for his progeny—if 28N is any indication, he will have a great future.

Heifer Calf

offered by Basin Angus

GDAR Blackcap Lady 2258
Dam of Lot 7

- Individual Performance: BW 80, Adjusted WW 695, WR 123.
- Basin Blackcap Lady 5559 is a moderate-framed female with a proven maternal pedigree, along with strong growth and management traits.
- Basin Blackcap Lady 5559 is sired by A A R Justified K012, our herd sire selection from Arntzen K7 Angus in 2023. A A R Justified K012 is siring moderate-framed, long-bodied calves with good feet and excellent docility.
- The dam of Basin Blackcap Lady 5559 was selected as the pick of the 2022 heifer calves at Gartner-Denowh Angus Ranch. She is moderate-framed, deep bodied female with excellent feet and a beautiful udder.
- Basin Blackcap Lady 5559 is a maternal brother to our young herd sire, Basin Macallan 4179, who was the second high selling bull in our 2025 bull sale.

Basin Keystone 2021
Service Sire of Lot 10

Forever 586M is an attractive, high-growth cow prospect that is angular and feminine. She stems from a long line of solid cows that are consistent producers with strong udders and good feet. Her dam is a complete, quiet, and reliable cow. She posts individual ratios of WR 99 and YR 135, confirming her performance advantage.

Her sire, AAR Essential, is a member of the Breeder Link lineup. He is a stout-made, very correct bull with moderate birth weight and large scrotal. His daughters are making nice cows with ideal udders.

Forever 586M ranks in the Top 4% CEM; Top 10% WW, SC; Top 15% DMI, FL; and Top 20% YW and \$F.

Her genomic AngusGS rankings put her in the Top 1% WW, YH, CEM, MW; Top 3% CW, Tend; Top 8% Claw; and Top 20% Angle.

She sells **due January 19, 2026**, to Basin Keystone 2021. Registration: 20322585

Gartner-Denowh Angus Ranch PICK OF 2025 HEIFER CROP

Pick must be completed by December 15, 2025

Over 400 head to select from, including more than 50 ET calves.

We are very excited to offer the pick of our 2025 heifer calf crop. Our program spans over seven decades and four generations of breeding Angus cattle. Over the years, we have been fortunate to place sires in all the major AI companies and see our genetics reach not only U.S. breeders, but also cattlemen across several continents.

Our 2025 heifer calf crop will be unique to us—and to those who follow the GDAR program—as we introduce several exciting new sires. To whoever purchases this great opportunity, we want you to know: we want you to get the best of what we have to offer. The one that fits your program. The one that provides the best return on your investment.

Featured Sires and Donors

S Garrison K38 AAA 20404814
Purchased from Spickler Ranch North, this Architect son best fit our program. Long and powerful, he looks to be a true performance bull.

GDAR Justo 2711 AAA 20392678
The top-selling bull in our 2023 Bull Sale. A calving ease sire that doesn't sacrifice growth. Justo combines the strength of Justified, All Pro, and Game Day.

GDAR Blackcap Lady 2258
AAA 20392248

Purchased by Basin Angus as the pick of the GDAR heifer calves in our 2022 Female Sale. Talk about ROI! Her first bull calf, Basin Macallan 4179, was the second high-selling bull in the Basin Angus Bull Sale, bringing \$40,000. Her 2025 calves already look exceptional and should be another home run for this prestigious breeder.

Baldridge Heat Seeker AAA 19806485
When looking for an outside AI sire, we chose Baldridge Heat Seeker—and we're glad we did. His maternal grand-dam, Baldridge Isabel Y69, is one of the great cows in the Angus breed. His dam is among the most exceptional females Y69 ever produced. Along with his tremendous phenotype, Heat Seeker's EPD profile fits nearly every breeder's wish list.

GDAR Bardolier 2363 AAA 20392352
Our pick to carry on the Bardolier lineage. Deluxe calving ease with muscle and performance. Sons were very well accepted in our 2025 Bull Sale.

RC Lucchese L101 AAA 20827851

This young herd sire puts together the best of the Patriarch and Justified lines of cattle. He excels in phenotype, structure, calving ease, performance, fertility, and especially docility and maternal strength.

SITZ Vanderbilt 9492 AAA 20307900

One of the best Resilient sons to date. Structurally sound, with tremendous eye appeal. Athletic, free-moving, and a true standout.

GDAR Justified 914 AAA 19464109

One of the great sons of KG Justified. His daughters are outstanding — with exceptional feet, tight udders, and strong maternal instinct. A bull with the power to change a cow herd.

Bred Heifer

offered by **Elmose Angus**

Vermilion Riverside
Sire of Lot 12

We brought you one of our best Vermilion Riverside daughters, EAR Shoshone Bess 424. Loaded, three generations back, with maternal performance and eye appeal—three must-haves at the NILE.

"424" herself has six Pathfinders in her pedigree, containing sires such as Mogck Sure Shot and Bullseye, plus a shot of RT Answer 746. Her dam, EAR Shoshone Bess C05, has eight Pathfinders in her pedigree. Her grand-dam, also a Pathfinder, EAR Shoshone Bess Y05, has six Pathfinders including 8180, Final Answer, RT Answer, and Hyline RT Time 338. This is a power-packed pedigree filled with proven maternal and performance genetics, three generations deep!

Ten of "424's" bull herd mates were very well accepted at the 2025 South Montana Association Sale in March, averaging \$9,525 and going to well-known registered and commercial ranches. They were long, thick, and loaded with eye appeal. "424" has that same look—the look of a brood cow!

She's bred and safe in calf to Genex's new up-and-coming bull LT Talent 3012 (Registration #20781695), currently a -2.6 BW EPD with eight Pathfinders in his pedigree. "424" is due to calve January 26, 2026.

Heifer Calf

offered by **Hideaway Cattle Co**

VDAR Confluence 4273
Sire of Lot 13

This highly maternal, eye-appealing, big-ribbed, easy-fleshing spring heifer is one of the first calves by Hideaway's herd sire VDAR Confluence 4273. Her impressive phenotype is backed by some of the Angus breed's most legendary genetics.

Her young sire, VDAR Confluence 4273, is a highly fertile, excellent-footed, calving-ease sire by the great U2 Coalition. The list of females behind Confluence—VDAR Polly 9260, VDAR Polly 9697, and U2 Erelite 109Z—reads like a "who's who" of Angus maternal power.

Her dam, Coleman Donna 0419, is a stunning Coleman Bravo daughter with multiple shots of EXT, 6807, 654X, and 6106, along with the maternal giants Blackcap May 4136 and the renowned Coleman Donna cow family (386, 714, and 6143).

Heifer Calf

offered by **Hideway Cattle Co**

VDAR Confluence 4273
Sire of Lot 14

This mating of Coleman Donna 9357 to VDAR Confluence 4273 hits it out of the park with this stunning spring heifer. Along with her incredible eye appeal, she brings maternal strength, body length, and extreme extension—plus tremendous growth and a wonderful disposition.

Her dam, Coleman Donna 9357, was a sale highlight of the 2020 Coleman Female Sale. Her maternal granddam, Coleman Donna 5247, is a highly valued donor with a long list of sale-topping progeny.

Her sire, VDAR Confluence 4273, is backed by some of the best females in the Angus business (VDAR Polly 9260, VDAR Polly 9697, and U2 Erelite 109Z). He is highly fertile, excellent-footed, offers true sleep-all-night calving ease, and is as docile as they come.

Heifer Calf

offered by **Hilltop Angus**

PVF High Times 3014
Sire of Lot 15

43N is an outstanding February show heifer and brood cow prospect. She is as big and stout as you can make one while still being attractive and feminine. 43N is big-boned and heavy-muscled, with extra length and performance. She carries a long, attractive neck, is good-headed, and has been gentle and easy to work with. She also shows excellent hair.

The sire of 43N, High Times, was the Reserve Grand Champion Angus Bull at last year's NILE. His first calf crop has been outstanding—true performance cattle with extra hair and an especially eye-catching look through their front third. His progeny will be shown in multiple rings this coming summer.

The dam of 43N is a deep-bodied, good-footed, heavy-milking brood cow with an excellent udder.

BW: 88

Actual Weight (8/15): 640

Bred Heifer

offered by Hinman

HA Ever Lady 1575
Granddam of Lot 16

HA PSI K031
Service Sire of Lot 16

4380 is going to be a special female. Her two flush brothers were the top-selling bulls in the 2025 Hinman Angus Bull Sale. HA Strategy 4425, the top-selling sibling to 4380, was purchased by Lufkin Cattle Company, Salmon, Idaho, for \$42,000. The second high-selling sibling was HA Man In Black 4398, purchased by Verlyn Strommen, Dunn Center, North Dakota, for \$27,500.

Man In Black bulls have had a great run over the last few years and have headlined many high-profile sales. The daughters are really coming to the forefront and are raising some tremendous calves.

HA Ever Lady 7853, the donor dam of 4380, is a tremendous female—everything you would want in an Angus cow. She's the right size for our northern environment, with excellent feet and udder quality, powerful rib shape, long body, and good disposition. Her dam needs no introduction to those who follow the HA program. HA Ever Lady 1575 is one of the greatest females ever raised at Hinman Angus. Her progeny continue to perform at all levels of production. The HA program is heavily influenced by 1575, and daughters like 7853 continue to be outstanding females. We think this year's NILE consignment is a can't-miss future donor.

AI Bred: Due February 10, 2026, to HA PSI K031. PSI topped the HA Sale in 2021 and was purchased by Big Rok Angus, Detroit Lakes, Minnesota. A son of HA Scale Boss and out of a terrific young Southern Charm daughter whose dam is the famed HA Rito Lady 3839, PSI has a big future at Hinman Angus. He combines elite calving ease with plenty of performance. His progeny feed extremely well—wide-based, thick individuals with a ton of eye appeal.

Bred Heifer

offered by JC Heiken Angus & Sons

SITZ Incentive 704H
Sire of Lot 17

Here's a heifer with a tremendous future ahead of her.

Sired by the \$235,000 Sitz Incentive 704H and out of a beautiful 3-year-old Heiken Broadview daughter, Rita 4006 combines two of the highest-profile sires in the Heiken program.

Incentive daughters continue to make excellent females—attractive, productive, and built to last. When it's all said and done, he will be one of the great cow makers of his generation. Incentive ranks in the Top 1% of proven sires for Teat, Udder, Claw, and \$M; Top 3% HP; Top 15% MB; and Top 20% \$C. Incentive's dam, Sitz Barbaramere Nell 53F, was the top-selling cow in the historic Sitz "Elite Sort" Sale, purchased by Express Ranches and Spruce Mountain.

Rita 4006's maternal side is impressive in its own right. Her MGS, Heiken Broadview, was purchased by ABS Global Inc. in the JC Heiken & Sons 2020 Bull Sale, becoming the highest-priced bull ever sold in the history of JC Heiken & Sons. Her MGD is sired by Connealy Judgment, the sire of KG Justified 3023. Judgment left an impactful set of daughters that helped form the foundation of this cowherd.

AI Bred: Due January 31, 2026, to Heiken Havoc 4041. Havoc was the second high-selling bull in the 2025 Bull Sale, purchased by Vermilion Ranch.

18

JC Heiken Angus & Sons

PICK OF 2025 HEIFER CROP

*Selling the pick of 300+ heifers
born between January 28 and March 30*

This year we are offering you the pick of our replacement heifers – backed by generations of proven maternal genetics. Our cows are known for their low birth weights, strong maternal instincts, and quiet dispositions, making them a reliable choice for building a productive, docile cow herd.

Previous buyers have experienced tremendous success with their pick of our heifers. For example, Lucy 0032, purchased by Lonker Cattle Company and Montana Ranch in this very sale, has quickly risen to donor status and already produced progeny grossing \$155,000. Her first calf, a True North daughter, sold for \$40,000 as a bred heifer in the 2023 Maternal Revival Sale. The following year another daughter topped the bred heifers at \$60,000, and just a month later a son, Montana Loadmaster 3007, topped the Montana Ranch Bull Sale at \$55,000. To top it off, 0032 has already produced an AI stud bull for ABS, LR Baritone, the result of a purchased embryo by Larson Angus Ranch, Sharon Springs, Kansas. Not bad for a \$16,000 purchase.

This kind of return on investment speaks volumes about the maternal strength, consistency, and long-term value built into our program.

Heifer Calf

offered by JL Farms

This standout 24 Karat daughter brings together an impressive combination of traits. Lady 5282 is long-spined, feminine, and stylish, with a soft-footed, fluid stride. Her dam, Lola (SCC Highland Farms Lady 317), consistently produces elegant, big-bodied daughters with clean lines and exceptional presence. Lady 5282 has already proven her quality in the show ring, earning Reserve Spring Calf Champion at the Wyoming State Fair. Her full siblings have also excelled, including SCC HF 24K Lady 331, shown by the Bartlow Family of Illinois, which secured a Reserve Division win at the National Western Stock Show, Reserve Supreme Female in Ring A at the Purdue AGR, and Reserve Division at the Eastern Regional Angus Show in Harrisburg, PA. This heifer is a proven winner with a bright future.

Heifer Calf

offered by JL Farms

This Power Chip daughter is striking from every angle, blending a captivating front third with exceptional length through her neck and front end, creating a clean, elegant profile that commands attention in the show ring. Sired by Power Chip, she traces back to the renowned Greens Princess cow family, known for producing competitive show heifers that transition seamlessly into productive cows. Beauty 5243's granddam, JAF Beauty 104u, was a multiple-time champion shown by Jordyn early in her show career. With an eye-catching silhouette and a sound, functional build, this heifer is designed to shine through the show season and excel as a foundation female.

Bred Heifer

offered by KG Ranch

SITZ Impulse 732J
Sire of Lot 22

Sired by Sitz Impulse 732J. Impulse was the KG pick out of the spring Sitz Sale in 2022. The first sons were offered in the 2024 KG Bull Sale, and the entire group was very well accepted, with the second high-selling bull being a son of Impulse, selling to Richard Ranch in North Dakota.

4108 is a powerful heifer that was the second highest-ranking heifer among her contemporaries for both WR and YR. Her EPD profile ranks her in the Top 3% WW, 5% YW, and Top 1% \$W.

Her dam combines Sitz Powerball 737E with KG Contrast 2162. Contrast was one of the most complete herd bulls you'll find anywhere, owned with Adam Clark, Harrison, Montana.

AI Bred: Due February 1, 2026, to KG Justified 3023.

Bred Heifer

offered by KG Ranch

The Eisa Evergreen cow family is one of the best at KG Ranch. Tracing back to Sitz Eisa Evergreen 791, one of the great cows to ever grace the pastures at Sitz Angus. 791 was the dam of Sitz Value 7097, who was purchased by Thiel Ranch, Isabel, South Dakota, and Genex Cooperative, Shawano, Wisconsin.

4232 is sired by HA Opportunity H695, KG Ranch's pick of the 2021 Hinman Angus Sale. His dam is the famed HA Rito Lady 3839, also the dam of Hoffman High Road, Hoffman Thedford, and HA Value Added.

4232 should be as maternal as they come, with those two cow families tied together. She is also one of the top-performing heifers among her contemporaries, posting a WR of 117 and a YR of 116.

Her powerful growth EPDs rank her in the Top 3% WW and 10% YW, with strong carcass traits for both Marb and RE.

AI Bred: Due January 31, 2026 to Ellingson Badlands 0285

Bred Heifer

offered by McFadgen Angus

409 is one of my favorite bred heifers out of a group of 45. Her dam is a daughter of Baldrige SR Goalkeeper, a bull known for siring good-footed cows with nice udders, great dispositions, and strong EPDs. Her sire is E&B Plus One (AAA 19196960), who consistently produces beautiful, docile, good-footed cows.

We used B A R Dynamic on many of our heifers, as he offers calving ease of +16 and ranks in the top 10% for \$Weaning.

409 will be a great addition to any herd! She will be HD50K tested before the sale.

AI bred to B A R Dynamic (AAA 19923789). Due March 3, 2026.

B A R Dynamic
Sire of Lot 24

McDonnell Angus

PICK OF 2025 HEIFER CROP

Select from the 2025 spring-born heifer calves,
available in Columbus, MT or Penokee, KS

McDonnell Angus, owned by Leo and Sam McDonnell, was founded in the 1960s and has always been built on the foundation of performance—selecting for genetic traits that are the economic cornerstone of a profitable cow herd under our Western environments. Our cow herds are located in North Dakota, Nebraska, Kansas, and Montana.

Since 2008, our program has been committed to efficiency testing. We invested heavily in GrowSafe systems (now Vytelle) and operated the largest privately owned individual feed intake system in North America—capable of monitoring up to 700 animals at once. Over the years, we've shared this valuable data with genomic companies, the American Angus Association, and several universities.

Our selection strategy focuses not just on feedlot feed conversion but also on Residual Feed Intake (RFI)—identifying cattle that gain efficiently and require less feed, especially in the cow herd. Today, research and results from long-term customers show up to 20% reductions in feed intake in the cow herd with no negative impact on weaning weight. In fact, most report improved weaning weights. Relying on feed conversion alone leads to appetite-driven cattle—adding RFI to our efficiency index was a natural step if we really wanted to enhance cow-herd efficiency.

In August video sales, the first 6-weight calves sired exclusively by McDonnell bulls grossed over \$3,000, and the first 7-weight calves reached \$3,080—mostly descended from Midland Bull Test and McDonnell efficiency sires.

Through all this, we remain grounded in the fundamentals: the industry depends on a healthy cow and grass. Without that base, the rest doesn't exist. That's why, like many Montana performance breeders, we emphasize the Angus cow.

We were honored to have one of the highest Functional Longevity herd bulls reported in the American Angus Association's first release of this new trait: CCA UNO 049 (Reg. No. 16644975)

Sitz Pride 200B
Paternal Granddam of Lot 28

Bringing our best Sitz Eternity heifer calf to the NILE Sale. From an exceptional group of Eternity heifers, we thought 2530 was hands down the best. Eternity provides a unique genetic package that combines LAR Man In Black with the dam of Sitz Stellar, Sitz Pride 200B. This young roster member of the STgenetics lineup has been one of the most heavily used AI sires of 2024 and 2025.

The dam of 2530 is backed by two of the breed's well-known sires, Poss Achievement and HA Cowboy Up.

2530 will be a heifer that is easy to mate in the future, with a pedigree and EPD profile that will give the new owner plenty of flexibility.

OCC Montana Dream 694
Dam of Lot 29

The Montana Dream cow family has been a cornerstone at OCC, best known as the family that produced OCC Ultimate Answer 118. Ultimate Answer was one of the most stunning sons of the famed S A V Final Answer 0035, with show-quality phenotype and excellent performance. OCC Ultimate Answer was owned with Basin Angus Ranch.

A maternal sib sired by Atlantis sold in the 2023 NILE Sale.

The sire of Montana Dream 417 is one of the stars of the ABS Global lineup. B A R Dynamic is an exceptional son of the great Deer Valley Growth Fund. Dynamic's elite calving ease, coupled with tremendous growth and maternal strength, has made him a must-use AI sire.

B A R Dynamic
Sire of Lot 29

AI Bred: Kenny's Institution (AAA 20384806), due March 8, 2026 carrying a heifer calf. Kenny's Institution is a very popular ABS Global sire that combines two of the elite bulls of the Angus breed—Basin Safe Deposit and Bar R Jet Black. He offers calving ease, performance, maternal strength, and a sensational EPD package.

EZAR Step Up 9178
Sire of Lot 30

Basin True Balance 4002
Service Sire of Lot 30

OCC Lucy 412 is sired by EZAR Step Up 9178. Step Up is a multi-trait sire that has been heavily used across the U.S. He is known for exceptional feet, carcass merit, maternal EPDs, and a \$C ranking in the Top 10%. His excellent phenotype is backed by the famed Lucy cow family from Basin Angus Ranch.

The bottom side of this pedigree offers a really solid genetic package featuring DL Dually, a roster member of ABS Global, that ranks in the Top 3% WW and Top 4% YW. Connealy Consensus 7229 was the talk of the Angus breed after being selected by Express Ranches in the 2010 Connealy Angus Sale.

AI Bred: Basin True Balance 4002 (AAA 20890083), due February 20, 2026, carrying a heifer calf. True Balance was the \$120,000 top-selling bull from the 2025 Basin Angus Sale, purchased by Pine Creek Angus Ranch, Faith, South Dakota. He possesses a tremendous EPD profile. His dam is one of the outstanding young females featured at Basin Angus and Willekes Angus Ranch.

Bred Heifer

offered by Sitz Angus

Sitz Emma E 1783
Dam of Lot 31

Bred to calve 02/21/2026 to SITZ Unity 468M, ultrasound indicates she is carrying a bull calf.

A classic bred heifer from the embryo program of the Century Angus Herd of the SITZ family; a cow herd that has become known around the world as "America's Maternal Herd"!

Carrying a potential herd sire prospect by SITZ Unity 468M, an exciting son of \$185,000 Connealy Commerce, from a donor dam by \$165,000 Sitz Resilient 10208. As one would expect from the SITZ family, this bred heifer ranks among the ultra-elite top 1% of the Angus population for \$Maternal value index with elite top 3% rankings for Udder Suspension EPD and 3% percent Heifer Pregnancy EPD, and elite top 4% for Teat Size EPD!

In the record setting 2024 Sitz Angus Fall Sale, a paternal brother sold for \$50,000 to Select Sires with another at \$31,000. In the 2025 Sitz Angus Spring Sale, yearling sons sold for \$25,000, \$21,000, \$20,000 and \$20,000.

Donor dam of this bred heifer is still in production in the SITZ program at 12 years of age and is one of the most proven daughters of sire SITZ Upward 307R who has for many years been a leading source of Pathfinder Dams in the Angus breed. This beautiful and productive female, with 22 genomic tested progeny, ranks among the ultra-elite active Angus dams for \$Maternal value index, Functional Longevity EPD, Heifer Pregnancy EPD, Teat Size EPD and Udder Suspension EPD combined with a top 10% Foot Angle score EPD and a top 15% \$Combined value index. This donor contributes the genetics that have kept generations of the SITZ Angus cows and family at the forefront of the beef industry, and her \$116,000 of progeny sales for the program include a \$35,000 maternal brother to this bred heifer that sold in 2022.

Bred Heifer

offered by Skinner Ranch Seedstock

SITZ Blackbird 334
Granddam of Lot 33

An exciting bred heifer out of the heart of the Skinner's bred replacements. This heifer has true Angus character with a feminine front-end and a wedge shape. This long-spined female is level in her design, sound, and free-moving.

4222 is the daughter of a phenomenal cow that is a Resilient daughter out of the great Blackbird 334 donor who was our pick and a top seller out of the Sitz Female Sale. 334 has produced many herd sires and continues to put top replacement females in the herd. 334 is beautifully designed with an impeccable udder. Expect 4222 to follow in her dam's and grandam's footsteps, having outstanding quality, design, and udder.

4222's sire needs little introduction with Duke being an extremely valuable sire producing outstanding sons and a set of daughters that wean big, stout calves that are in demand by the commercial cattlemen. Expect this female to produce the kind of seedstock that will be sought-after by your customers.

4222 is bred to SRS Merit 8222M, an outstanding son of Bar-E-L Chief, our top pick of the final bull sale of the highly reputable David Longshore program. Merit is backed by a phenomenal dam who has stood the test of time at SRS with great feet and a nice udder.

Bred Heifer

offered by Skinner Ranch Seedstock

SRS Logical 5273L
Service Sire of Lot 34

This is a tremendously fancy female from the Skinner Ranch. She is level in her make-up with a neat front-end. A truly ideal female phenotypically that you will want to keep in your front pasture.

You can expect this female to replicate herself in type and kind, yet still put powerful bulls in the bull pen and exciting females back into the herd. Her dam passed on her classic Angus look as well as structural soundness and great udder to this fresh-pedigreed heifer.

4278's sire was Skinner's top pick out of the 2023 Bar-E-L program for his impeccable design and a pedigree filled with the top cows in that herd. The daughters at SRS are easy to pick out for their style and correctness. Skinners see the daughters out of Chief continuing to move their herd in the right direction. The first set of bulls at SRS were also extremely well received for their type and kind.

4278 is bred to SRS Logical, whose first set of calves came easy, grew well, and are extremely exciting at the ranch. SRS Logical is a maternal brother to Sitz Profile and is flat impressive in his type and kind. He is a long, smooth-made bull with exceptional thickness. Skinners used him heavily again in their breeding program this year. Due Date: January 17, 2026

Bred Heifer

offered by Streamside Cattle Co

Myers Fair-N-Square daughter out of a truly maternal masterpiece of a cow, Montana Rita 0059. 0059 blends the Donna and Rita cow families into an ultra-feminine, deep bodied, ideally uddered female. Fair-N-Square added bone and thickness while keeping the maternal qualities intact. 2459 has a beautiful udder design already and will not disappoint her new owner after calving.

2459 is AI bred to S Armstrong 1149, due January 26, 2026. Armstrong compliments 2459's EPD profile while promoting scrotal, claw, angle, pap & \$C.

SITZ Incentive 704H

Bred Heifer

offered by Thousand Hills Angus

LT Chosen 2132
Service Sire of Lot 38

- WR 104, YR 112
- Dam: 2WR @ 102, 372-day calving interval
- Grand Dam: 8WR @ 104, 7YR @ 103, 371-day calving interval — 10-year-old daughter of the Pathfinder sire TH Black Cash

2417 follows the type and kind of her dam—moderate, good-footed, and should have an excellent udder when she calves. Her ears might be a bit shorter, but she should make an excellent female.

2417 is sired by the \$235,000 Sitz Incentive 704H. Incentive daughters are making tremendous young cows and should be an excellent cross on the Gunsmoke daughters. TH Gunsmoke sons have dominated the Thousand Hills bull sale the last few years. If you study his pedigree—S Chisum 255, Apex Windy 078, and Hyline Right Time 338—you understand why Gunsmoke stamps his progeny the way he does. Gunsmoke was Andy's breeding masterpiece and has lived up to his vision for this sire.

2417 has an EPD profile that excels in HP and PAP (Top 4%); \$M and \$W (Top 10%); Teat, WW, and Claw (Top 15%); YW (Top 25%); and Udder (Top 30%).

AI Bred: Due January 12, 2026, to LT Chosen 2132. Chosen was the third high-selling bull in the 2023 Lindskov LT Ranch Bull Sale, purchased by Montana Ranch and Koupal B&B Angus. He is sired by Ellingson Badlands 0285.

Dam of Lot 39

AI Bred: Sitz Insignia 12032

Due Date: March 4, 2026

Generations of cow power in this one! Sired by Craftsman and backed by the 4-14 donor cow, E19 is a sure bet to become a big-time producer. A beautiful female that has been a standout all along, her balance is impeccable—so good in her lines and proportions, with a feminine head and neck that transition smoothly into a massive center body and very maternal muscle pattern. Her structure is flawless, with extra flexibility off both ends, allowing her to reach out with a really long stride. We've flushed her mother many times over, and we look for E19 to make the same herd-building impact.

40 PICK OF HEIFER CALVES OR BRED HEIFERS

Pick must happen by December 15, 2025

Van Dyke Angus Ranch is proud to offer the pick of our bred heifers or heifer calves from the Lee Van Dyke herd.

We have 70 years of breeding Angus cattle, relentlessly pursuing fertility and function over fads.

None held back—you can pick from the entirety of two crops of females, both embryo and natural calves, from the best cows we have to offer.

The bred heifers include daughters of VDAR Twenty Twenty, B Bar Black Mass, and U2 Coalition, among others. Maternal sisters to the \$55,000 second high-selling bull of the 2024 bull sale, VDAR MacArthur, are included, as well as a sister to the dam of the \$60,000 and \$40,000 Black Gold and Black Diamond bulls.

In the heifer calves, we have a sister to Black Gold and Black Diamond, as well as a daughter of VDAR Chloe 9727, the dam of Cedar Wind 8111, who is still in production at 16 years old and whose offspring dominate in the functional longevity EPD.

HF Hi-Country 7L

Sire of Lot 42

HF High Country 7L was one of the most talked-about bulls of the 2024 spring sale. Raised by the famed Hamilton Farms in Canada, his popularity continues to grow as his first progeny hit the ground. These embryos represent program-changing genetics for their new owner.

Embryo Packages

offered by Hamilton Ranch

Baldridge Isabel D749
Donor Dam of Lots 43 and 44

D749 is a direct daughter of the famed, multi-million-dollar producer Baldridge Isabel Y69, one of the most influential cows in the Angus breed. D749 is long and massive bodied, and she records 3WR @ 102 with ten progeny IMF ratios averaging 106.

She has made her mark at both Hamilton Angus Ranch and Baldridge Performance Angus in North Platte, NE, producing phenomenal daughters that express her same body capacity and eye appeal. A direct daughter, Mohnen Isabel 713, was a sale highlight in the 2024 Mohnen Angus Bull and Female Sale, bringing \$16,000 to LaVern Koupal.

Embryos are offered by the \$185,000 HF Hi-Country and the proven Sitz Accomplishment.

Donor Dam of Lot 46

SITZ Prefix 725M

Sire of Lot 46

Sitz Barbaramere Jet 328E is best known as the dam of Sitz Galactic 723G. Galactic was purchased by Vollmer Angus Ranch, Hoover Angus Farm, and High Point Genetics in the 2020 spring Sitz Sale as Lot 1. Galactic has been a mainstay for his owners, with tremendous phenotype and solid EPDs. His progeny consistently perform well and are well received at auction. 328E combines one of the most famous cow families the Sitz program has ever produced with tried-and-true sires that built Sitz Angus into what it is today.

Sitz Prefix was the talk of the 2025 spring bull sale season. Prefix combines a tremendous EPD package with a true herd bull look. His calving ease and maternal pedigree will make him a hot commodity for years to come.

Coleman Chloe 975

Donor Dam of Lot 48

G A R Wallace

Sire of Lot 48

Selling 3 embryos, with a 4th embryo included as the guarantee. Stored at Sleeping Giant Genetics, Livingston, MT.

Here is a unique opportunity to purchase embryos by Coleman Chloe 975 and mated to the exciting and popular young sire GAR Wallace. Chloe 975 was the top-selling female in the 2019 Coleman Angus Female Sale, bringing \$60,000 for 1/2 interest on a \$120,000 valuation, selling to Jocko Valley Cattle in Montana.

This summer we were given the opportunity to purchase 1/2 interest of 975 from the Rehbein Family. She is a very special female, and we look forward to continuing on with her while working alongside the Coleman Family in honor of one of our good friends, the late Marvin Rehbein.

Her progeny includes the \$160,000-valued Coleman Chloe 2527, who is working for the Lindskov's LT Ranch of South Dakota.

The sire is the young, exciting, and popular G A R Wallace. He was a past high seller at Gardiner's and is one of the great sons of Basin Jameson. He has already created a buzz in the Angus breed, and you will hear much more about him in our program and across the breed.

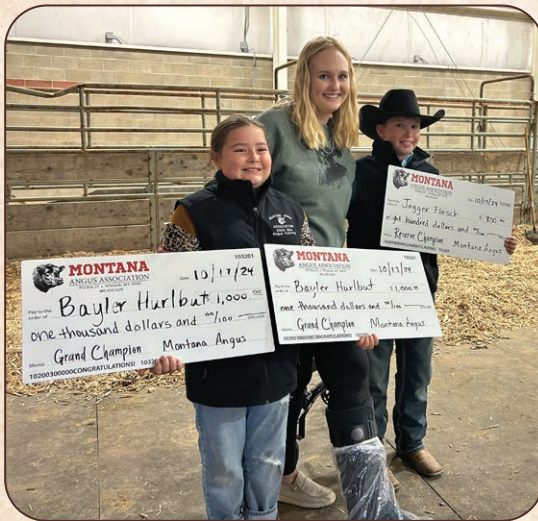

ATTENTION JUNIORS!

Purchase a heifer from the NILE Angus Female Sale this year, show her next year.

View and Bid Live Online

Bid through Northern Livestock Video Auction's Online Bidding Platform! Desktop and Mobile Friendly.

FROM YOUR DESKTOP

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid. NorthernLivestockVideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once approved an email will be sent to the email account provided. Please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.NorthernLivestockVideo.com to view and bid!

FROM YOUR MOBILE DEVICE

1. Use your mobile device to download the Northern App and follow the above steps to get approved.

There is an instructional video on how to register to bid on our web-site, www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

PHONE BIDDING

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

Northern Livestock Sale Day Bid Line 1-406-245-0889.

To register with NLVA, call 866-616-5035 Before Sale Day.

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

Champion received \$800. If you're a Montana Angus Junior member and purchased a female or bred heifer through the 2024 Sale, look for an entry form for the 2024 Futurity Show in the NILE premium book. The show premium is published each year by mid-summer. Please contact Jake Callantine at (406) 581-4764.

Grand Champion

\$1,000 was awarded to the 2024 NILE Grand Champion Futurity Female. Basin Winnie 3562 is owned by Bayler Hurlbut of Council Grove, KS, and the heifer was bred by Nicole Stevenson, Basin Angus, of Laurel, MT. Basin Winnie 3562 is the daughter of PVF DLX King Pin 0058 and Basin Winnie 8166.

\$1000 was awarded to the 2024 NILE Angus Grand Champion Phenotype/Genotype Female. Basin Winnie 3562 is owned by Bayler Hurlbut of Council Grove, KS, and the heifer was bred by Nicole Stevenson, Basin Angus, of Laurel, MT. Basin Winnie 3562 is the daughter of PVF DLX King Pin 0058 and Basin Winnie 8166.

The 13th Annual NILE Angus Heifer Futurity and the brand new NILE Angus Phenotype/Genotype Show were the highlight of the 2024 Angus events held during the NILE stock show in Billings, MT. The NILE Angus Heifer Futurity is designed to profile the development of the open heifers purchased through the Montana Angus Association's NILE Angus Female Sale. The show is open to Angus Juniors who purchased and registered a heifer in their name from the previous year's NILE Angus Female Sale.

In the Phenotype/Genotype show, the judge was asked to evaluate the cattle based on looks and expected performance through EPDs. This is a new type of show for Montana Angus and we're looking to grow it in the future. We also hope that this will be an educational opportunity for the youth as they will learn about EPDs and \$Values as part of the process of selecting feedstock. Cheramie Viator was the judge of both these shows.

Payouts are based upon entries and the 2024 show had 7 head shown by 6 juniors. All participants received a coat, & cash award. Every Junior received at least \$250 for participation. Grand Champion received \$1,000 and Reserve

Reserve Champion

\$800 was awarded to the 2024 NILE Reserve Champion Futurity Female. Basin Winnie 3563 is owned by Jagger Fleisch of Shelby, MT, and the heifer was bred by Nicole Stevenson, Basin Angus of Laurel, MT. Basin Winnie 3563 is the daughter of Stag Good Times 201 ET and EXAR Winne 2075.

\$800 was awarded to the 2024 NILE Angus Reserve Champion Phenotype/Genotype Female. Woirhaye Blackcap Empress 2303 is owned by Kale Cordill of Cheney, WA, and the heifer was bred by Woirhaye Cattle Co, of Darby, MT. Woirhaye Blackcap Empress is the daughter of Beal Breakthrough and Woirhaye Blackcap Empress 2109.
