To put his value into perspective on a small sample size, during the first half of October 2024 11 daughters of Casino were sold. Those heifer calves totaled up to \$751,000 to average \$68,318 per head. Those would include the \$250,000 sale feature at Seldom Rest Farms, a heifer that went on to win the 2024 NJAS, the \$190,000 and \$110,000 high sellers for Udell, as well as other high sellers for Greiman, Cribbs and Cowles.
