GREETINGS RANCHERS,

We would like to invite everyone to our Annual RANGE CALVED-RANGE RAISED® Age Advantaged Calving Ease Production Sale to be held on January 17, 2026.

We sincerely THANK YOU for your interest in and support of our program, it is very much appreciated.

The genetics behind this offering of bulls has been selected for generations to produce lighter birth weight, moderate framed cattle with excellent fleshing ability and muscling. They are designed to thrive in a total grass based range environment.

We think you will find them to be very consistent in their ability to transmit these genetics on to your herd for your increased profitability.

Northern Livestock Video will be broadcasting our sale via the internet at www.cattleusa.com. If weather or distance prohibit you from making it to Buffalo, contact Kendrick or Sharon Redland and ask about our Guaranteed Bid Program. We offer 100% satisfaction guaranteed for cattle purchased sight unseen if you contact us to assist you with your purchase.

You can view video of each lot selling by going to Northern Livestock Video Auction / Production Sales.

We appreciate you taking the time to look over our program and we welcome your phone calls and questions and look forward to visiting with you. We invite you to join us for lunch starting at 11:00 am on sale day, January 17, 2026.

May God be Blessing the Work of your Hands

Do It All is without a doubt the easiest fleshing bull we have ever been around. He is a very smooth made bull with a tremendous amount of overall body mass, big deep square butt, standing on good feet and legs. He is dog gentle to be around and appears to be passing his disposition on. His daughters are some of the best females we have ever had. You will like this sire group. He will be a big part of our program for years to come.

Chancellor has the ability to transmit his length, thickness, depth of body and muscle in a smooth and stylish pattern. 767C is a good natured bull to be around. He is very sound structurally with good feet and just the right amount of bone. He will definitely be a range cow maker.

Cow Power is a long, deep bodied, big ribbed, smooth made bull with a big wide square butt. He started with just a 60 lb birth weight out of a first calf heifer. Weaned at 700 lbs. Gained right at 4 lbs after weaning with a yearling weight of 1362 lbs. His pedigree has generations of cows that have excelled for fertility, udder quality, productivity and fleshing ability. Cow Power is going to be a can't miss sire and will be a big part of our program in the future.
