650 - COMMERCIAL BRED HEIFERS

200 - 2 COMING 3 YEAR OLD BRED COWS

40 - 10 YEAR OLD COMMERCIAL BRED COWS

300 - FANCY ANGUS YEARLING HEIFERS

Welcome

Dear Fellow Cattlemen,

It is with great pleasure that we invite you, and welcome you, to our 13th Annual Production Sale. It's amazing to look back 13 years ago and realize the fact we only sold 35 bulls and a handful of commercial bred heifers in our first production sale. As our families have grown, so has our operation. We run about 600 registered cows along with approximately 1100 commercial bred females.

We feel the key-word that has helped further our operation over the past 13 years, and is a driving force in our decision making every day, is "Balance." We continually strive to produce cattle that are balanced across as many traits as we can. When selecting a herd bull to purchase, selecting a bull of our own to use, or selecting semen to use from an outside bull, we select the bulls that are at least breed average or better for all of the economically important traits, along with the eye appeal, muscle, length and performance we have always demanded. This balance then carries right over into our cowherd and allows us to thrive with cattle that match our environment, and should match about any environment you put them into.

There is going to be a little change in the sale order this year. We are going to start off the sale with the commercial yearling heifers, then back to catalog order with the bulls and registered cows selling next and the commercial bred heifers and cows rounding out the day.

It goes without saying we feel this is definitely the best, most uniform set of bulls and females we have ever offered up for auction.

You are all invited to join us for the pre-sale dinner on Friday night January 26, at the Elks Club. Please drop us a note if you are able to make it so we can make appropriate plans. Also please call the O'Haire Motor Inn at (406) 454-2141 for all of your lodging needs.

Thanks So Much For Your Interest In Our Sale,

THE BOBCAT CREW

Northern Livestock's Sale Day Bid Line: 1-406-245-0889

You must have a Pre-Registered number to bid.

Sale can be viewed at www.cattleusa.com

For more information call Northern Livestock Video Auction at 1-866-616-5035

First Breeding Season Guarantee

All bulls selling for \$2,000 or more will be covered 50% by Bobcat Angus, if they are injured during their first breeding season. This guarantee does not include death as that can be insured for. Breeding season is defined as a 60 day period following the first turnout of bulls. Fifty percent of the value of the injured bull, minus one-half the salvage value, will be given credit in a future Bobcat Angus sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between Bobcat Angus and the buyer. All injured bulls must be diagnosed by a veterinarian. We also reserve the right to a second opinion by a veterinarian of our choice. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2018.

View online catalog & video at

WHY WE TEST WITH i50K FROM ZOETIS

Powered by i50K™ from Zoetis, our cattle sell with genomic-enhanced expected progeny differences (GE-EPDs).

With GE-EPDs, we're confident that customers like you can minimize risk in their investment — and enhance the productivity of your cattle.

The benefits of buying i50K-tested bulls and heifers goes beyond added accuracy for the complete range of traits for more productive daughters and progeny. You'll know early on what that animal is likely to transmit to its offspring and potential for performance in the feedlot and on the rail. You can also match the i50K tested sires you buy from us to match calves and replacement heifers — through GeneMax® Advantage™ and GeneMax® Focus™ — to make better breeding and management decisions down the road.

Knowing an animal's potential. Continuous progress of your herd. That's why we test with i50K.

Number of progeny records in conventional genetic evaluation needed to achieve the same accuracy as GE-EPDs powered by i50K

Carrying both sexes
Due: April 10- May 15

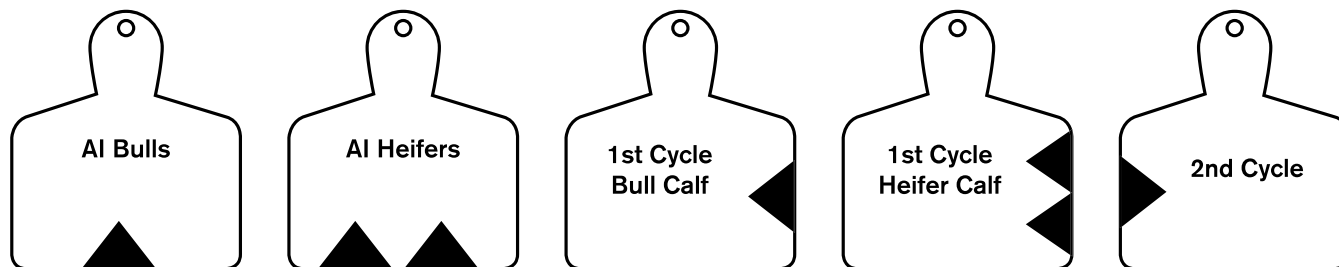

BLACK TAGS

670 Commercial Bred Heifers

We are offering 670 heifers. 200 are one iron home raised out of our commercial Angus herd and were AI bred to Circle L Gus on May 18. 370 no brand heifers were AI bred to Circle L Gus on May 23-24. We purchased these heifers from some of our customers that have a heavy influence of Bobcat Angus genetics in their herds. Most all of these operations have been in business for many, many years. 80% of our commercial cows are the result of 25 years of an extensive AI program. These are a very fancy set of females that will raise big calves. All the heifers were ultrasound pregnancy tested by Dr. Ralph Miller for calving dates and sex. They have been vaccinated with Virashield 6 VL, Scour Boss 4 and Ivomec.

Circle L Gus
