Dear Friends,

Welcome to our 2017 annual production sale. I can imagine that everyone is tired of the snow, cold, and wind this year and looking forward to spring and green grass!

The bulls this year have again been fed at the Hould Feedlot in Malta. We would especially like to thank Bruce, Linda, and Lance with the rest of the crew for the care and work that they put in. Our bulls look better than ever and we can never express how grateful to the Hould crew that we are.

We are very proud of this set of bulls. It is without a doubt that this set of bulls will be the best that we have ever been able to offer for auction. They are uniform and sound from the first bull in the sale to the final bull in the ring. We don't breed for any specific EPD or number we just try and breed cattle that we like. Moderate framed, deep bodied and ribbed, easy fleshing, big topped and thick butted. Out of all of the EPDs the \$W really is the most valuable to cow calf producers. The American Angus Association describes it as follows: Weaned Calf Value (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for pre-weaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

Without selecting for it our bulls this year will average over \$60.00 for the \$W value and rank in the top 10% of the breed for \$W. Obviously we are cow/calf producers and the cattle that we like over generations should be the most profitable for cow and calf production. I guess what I am trying to say is that these bulls will go out and make you money.

A special feature this year will be 50 replacement heifers from Sam and Dana Knox. Sam and Dana live and ranch just north of us in the Coffee Creek and Wolf Creek breaks. They consistently raise one of the premier sets of steers in central Montana. They are like peas in a pod. These heifers will be the same quality. They were raised in the breaks and will know how to go work for a living and make great cows.

Finally, please join us Monday, April 10 at 5:00 pm for a special viewing of the bulls at the Lewistown Livestock Pavilion. We will be serving BBQ Brisket with all of the fixings and would love to have you stop by for a bite to eat while you look the bulls over. Thanks for your consideration and continued support.

The Poser Family

Bids

Bids can be phoned in to our publication representatives or auctioneer.

Terms and Conditions

All registered cattle sell fully guaranteed under the standard terms and conditions of the American Angus Association. Announcements Sale Day take precedence over all printed material.

Volume Discount

5% off on any bull purchase of 3 or more. 10% off any bull purchase of 5 or more.

Delivery

Free delivery of bulls within 300 miles, beyond at cost. \$100 discount per load picked up sale day.

i50K

All bulls have been i50K tested.
See pages 2 for further information.

Retained Interest

We reserve the right to retain 1/3 semen interest in any bull selling in the sale.

Insurance

Bull Mortality and Infertility Insurance available though Novich Insurance Agency.
Jerry Gliko 406/ 860-3181
Tyler Holland 406/ 949-1326

Inspection of Cattle

All cattle can be inspected at any time prior to the sale at Hould Feedlot in Malta, MT or the day before the sale at the Livestock Pavilion.

Health

All cattle are vaccinated with or for: 8-Way, Blackleg, IBR, PI3, BVD, treated for grubs. Fertility tested, scrotal measured and carcass ultrasound measured.

First Year Breeding Guarantee

The bull mortality and loss of use insurance which we offered in years past is no longer available. For this reason, we are now offering a first year breeding guarantee. We hope this breeding guarantee is a suitable replacement.

All bulls selling for \$2000 or more will be covered 50% by Hilltop Angus Ranch if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull will be given as credit in a future sale or towards a replacement bull if one is available. Salvage value, if any, will be split equally between Hilltop Angus Ranch and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2017.

Northern Livestock Video Auction

If you are unable to attend the Hilltop Angus Sale, it will be broadcast live at www.cattleUSA.com.

Northern Livestock Video Auction will be carrying the sale live on the internet at www.cattleUSA.com You need to contact Northern Livestock Video at 1-866-616-5035 to preregister. You can then bid live on the phone at 406-245-0889 through Northern Livestock during the auction or via the internet on www.cattleusa.com.

Pre-register and for Additional Information Call: Cory Poser at 406-366-3461 or Northern Livestock Video at 866-616-5035.

To view online catalog and pre-sale video of the bulls, go to www.northernlivestockvideo.com and click on the Hilltop Angus Sale.

Hello and welcome to the Hilltop Angus Ranch Annual Bull Sale. It is my pleasure to assist this great family with their marketing needs. Ron Frye Marketing is available to answer any questions potential buyers may have about the bulls prior to the sale. I will also be available sale day to assist buyers that are not able to attend the sale in person with the purchase of the Hilltop offering. The cattle and family will not disappoint as they have brought you another outstanding set of bulls. We look forward to working with Hilltop Angus Ranch and their commitment to serving the cattleman one bull at a time, while building relationships for generation's one customer at a time.

Thank you and see you sale day!

All the best,

Ron Frye

• A Solid Foundation You Can Build On! •

Wide Open first gained attention as the \$70,000 top selling bull of our 2015 bull sale to Spruce Hill Ranch and JRJ Elite. His first calf crop has exceeded expectations and proven him to be a bull of moderate birth weights, explosive growth, and outstanding disposition. Wide Open is good footed and very docile. Semen available from Universal Semen sales or the owners.

True Grit is a proven calving ease bull that leaves outstanding females. True Grit has been a high satisfaction sire because of his ability to sire calving ease, calf vigor, and solid performance.

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs). EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

- Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs
- Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)
- The ability to make more rapid progress for traits that are important to you, due to:
 - more accurate selection
 - easier identification of genetic outliers
 - the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 8-20 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation at www.angus.org.

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo or those of partnering labs Zoetis (HD50K, i50K) or GeneSeek (GGP-HD, GGP-LD).

The dam of lot 1 is one of the favorite cows on the ranch and kind of an accident. She froze her ears all the way off and had her mother die during the summer out in the breaks. We kept her because we didn't think she was worth sending with the bunch. Since then she has qualified as a Pathfinder cow, raised a herd bull to Nissen Angus last year and now raised the lot 1 bull this year. She is a moderate framed, angular and feminine cow with a perfect udder.

321 is a 4 year old off to a great start. Same cow family as lot 8.
 Really good cows that are powerful and very productive.

Dam is one of the really great cows in the Angus breed. She has already produced multiple herd bulls working in multiple states. 176 is the dam of Hilltop Capstone 5374 that topped our sale last year to ST Genetics and Carter Cattle Co. This bulls ratios are all 100 because he was rattooed alone while his dam was being flushed this last summer.

ET calf. 1293 is a past donor for Sitz Angus and Hilltop. She is a
 powerhouse maternal cow and also was the grand dam of the top
 selling bull this fall at Sitz Angus to GDAR and Select Sires. Awesome cow
 that is 14 and calved again this spring.

Commercial Replacement Heifers from A Bar 5 Ranch

Commercial Black Angus Replacement Heifers raised straight out of Central Montana in the Arrow Creek and Wolf Creek Breaks on the Everson Bench. This is a good uniform set of heifers that come from a cowherd with great genetic value built by sires from the Hilltop Angus Ranch and Arntzen Angus Ranch. All the heifers have been bangs vaccinated, poured and have had two rounds of pre-breeding Bovishield Gold FP5 VL5 vaccine and are ready to breed. There were fed out this past winter on dry open ground with hay barley and cake, and their estimated weight is 800 pounds.

VIP Livestock Marketing with Northern Livestock Video Auction and Hilltop Angus are pleased to announce their

Hilltop-Sired Marketing Partnership

Central Montana is nationally recognized for producing some of the highest quality beef available and feeders throughout the country are looking for the traits that Hilltop Angus sired calves possess.

We can bring the kind of exposure to your cattle that it takes to get the premium price they deserve.

Capstone topped our sale last year to ST Genetics and Carter Cattle Co. Capstone's first calves are on the ground and look very promising. They came light and look to have plenty of growth. Capstone's full sisters also calved this year and are among some of the best looking first calf heifers we have ever had. Capstone will be a go to sire for calving ease and strong maternal characteristics. Semen available through ST Genetics.
