and cattle will be in Buffalo from November 19th through the sale.*

*Night Phone: Comfort Inn — 307/684-9564*

Redland Angus, Kendrick & Sharon Redland would like to invite you to our annual **RANGE CALVED – RANGE RAISED®** Production sale!!

We would like to take this time to thank all of you for your interest & continued support of our program!

This offering of bulls and females is a continuation of our program where we are using time tested, proven genetics that are put to the test in a least cost range environment.

Our program has always been and will continue to be centered around a cowherd that is moderate framed, easy fleshing with sensible milk and above average muscle. To make sure that is the type of Genetics that you are buying, we run our cows out in a range environment where they take care of themselves and calve on their own.

The bulls that we are offering in this sale have generations of this type of selection behind them to help you generate a high level of cost efficient production in your herd. We realize your net profit is dependent on your cow herds ability to produce in a least cost environment. The same is true for us and the cattle we produce and offer for sale.

The females selling are coming right out of the herd that produced the bulls in this sale. Also selling will be the fancy F-1 bred heifers from the Doyle/Herman Ranch.

Northern Livestock Video will be broadcasting our sale via the internet at [www.cattleusa.com](http://www.cattleusa.com). If weather or distance prohibits you from making it to the sale, please contact us about our guaranteed Bid Program, 100% satisfaction is guaranteed on cattle purchased if we assist you with your purchase.

We are happy to help you in any way we can so please don't hesitate to give us a call.

We look forward to visiting with you and invite you to join us sale day for a delicious lunch starting at 11:00 am prepared by the Johnson County Cattle Women & our friends the Murdoch's!!

We look forward to seeing you Saturday November 21, 2015!

### **PAP TESTED**

All bulls PAP tested by Dr. Lanny Weddle from Walden, Colorado. Each bull will have individual PAP scores available for the benefit of High Altitude Ranchers.

Redland Angus Bull & Female Sale

**CATTLE USA.com** LIVE CATTLE AUCTIONS

1. Go to [www.CattleUSA.com](http://www.CattleUSA.com)
2. First time users must register as a viewer.
3. In the 'Live Auctions' tab select Redland Angus Bull & Female Sale to register as a buyer (only if you wish to buy) and click the 'Submit' button.
4. Fill out the required contact and banking information then click the 'Proceed' button.
5. After you have been approved as a buyer you will receive a confirmation email. On sale day, log in and click the green 'View' button for our sale. You will have the bid console available to place your online bids. Click the 'Bid Now' button to place a bid.
6. The bid received by the auctioneer will be the amount showing in the 'Price' box in the bid console.  
*High speed internet required for viewing & bidding.*  
 Questions call 307-684-0789

## For Your Information

**ACCOMMODATIONS:** Please call if you wish us to reserve you a room. There are several motels in Buffalo, Wyoming

Comfort Inn, Buffalo, WY (307)684-9564  
\*Ask for Redland Angus Rate  
Super 8, Buffalo, WY (307)684-2531

**BIDS:** Prior to the sale, bids can be phoned in to Kendrick Redland at (home) (307)347-2270 or (mobile Phone) (307)250-8625. **After November 18**, you can also reach Kendrick at Buffalo Livestock Auction (307)684-0789 or in the evenings at Comfort Inn (307)684-9564.

**DELIVERY:** Free delivery on bulls up to 1000 miles to **central stockyard points** on purchases of \$4000 or more. Delivery arrangements on females can be made at the buyer's expense.

**HERD HEALTH:** All bulls tested negative for PI BVD. All cattle tested brucellosis free. All cattle sell with proper health papers for interstate shipment. A rigid herd health program is followed. All cattle selling have been calfhood vaccinated with 7 Way Somnus at branding and again at weaning along with IBR, PI3, BVD, and Ivomec Pour On. All bulls have been fertility tested and scrotal measured and are guaranteed breeders.

**INSPECTION:** Cattle available for viewing at Buffalo Livestock Auction from November 18 until the sale.

**LUNCH:** Complimentary lunch at 11:00 am.

**PAP TESTED:** All bulls have been PAP Tested by Dr. Lanny Weddle from Walden, CO. All bulls have been exposed to elevations ranging from 7500- 8400 feet. If you have any questions concerning PAP scores, Dr. Weddle can be reached at (970)726-8314.

**RETAINED INTEREST:** Redland Angus will retain a 1/3 semen interest in all bulls selling.

**SALE TIME:** 1:00 pm.

**SUPPLEMENT SHEET:** Scrotal measurements and current weights will be available sale day on a supplement sheet and can be viewed Online at [www.redlandangus.com](http://www.redlandangus.com).

**TERMS AND CONDITIONS-CASH:** Cattle sell under the terms and conditions of the American Angus Association.

**ULTRASOUND DATA:** Ultrasound data is printed in the catalog under each lot.

**WINTERING:** Wintering arrangements are available at cost on bulls. Contact Kendrick or Sharon for more details.

**Announcements from the block will take precedence over information in this catalog.**

### SIGHT UNSEEN GUARANTEED BID PROGRAM

A 100% satisfaction guarantee for cattle purchased Sight Unseen is offered by Redland Angus Ranch.

If you cannot attend the sale and want to purchase bulls, please give us a call and we'll be glad to help you with your order. Please call Kendrick Redland (307)347-2270, Adam Redland (307)250-1548 prior to the sale describing the type of bull and price range. We assure you that your bid will be handled with utmost confidentiality and professionalism, 100% satisfaction guaranteed.

### Guarantee:

All bulls selling for \$2,000 or more will be covered 50% by **Redland Angus** if they are injured during their first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls.

50% of the value of the injured bull, minus one-half salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, will be split equally between **Redland Angus** and the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2016.

- Example 1:** A \$5,000 bull is injured and will not heal. A credit of \$2,500 minus one-half any salvage value will be given to the buyer.
- Example 2:** A \$2,000 bull is injured and will not heal. A credit of \$1,000 minus one-half any salvage value will be given to the buyer.
- Example 3:** A \$1,750 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

This is not a mortality policy. Mortality coverage can be purchased sale day.

***The type of cow that works for ranchers in a range environment***

***The more efficient a cow herd is at converting roughage, the greater the potential for reducing input cost and increasing profitability.***

GDAR Game Day 449 sires progeny in an eye appealing package with thickness, length, volume and hindquarter. In the same mold as Emblazon 854E, he is a consistent breeding bull that sires calving ease and performance in a moderate framed package. He sires efficient, excellent uddered daughters, that make a living on grass.

# Summer Yearling Bulls

## G D A R GAME DAY 449 and O C C EMBLAZON 854E

**Game Day on Emblazon daughters best describes what the Redland Angus Range Calved-Range Raised® program is all about. This genetic combination of breeding like to like has produced some of the most predictable cattle available in the Angus breed today. Deep bodied, heavy muscled, easy fleshing cattle that are highly efficient & thrive under harsh conditions to raise a big calf at weaning. The blending of these time tested and proven genetics will increase the cost efficiency & profitability for the commercial cattleman in a least cost, grass based environment.**

**Genetics that are put to the test under range conditions to increase your profit.**

# Range Calved-Range Raised® Registered

**The more efficient a cow herd is at converting roughage, the greater the potential for reducing input costs and increasing profitability.**

**T**he cow herd is run on an entirely forage based program. Cows graze year round with only protein block supplementation through the hardest part of the winter. Calves are born unassisted on native range at 7500 ft elevation starting in mid June. Breeding season runs from early September through mid October at the same elevation on native range only. The cows and calves are then moved to lower elevation and run on rough pasture for the remainder of the late fall and winter. Calves are weaned mid February.

At Redland Angus we believe that when low input costs, combined with the highest quality genetics available today, are put under this type of selection pressure, quality will invariably rise to the top. The result being the very best type of Angus bulls in our annual sales raised to increase cost efficiency and profitability for the commercial cattleman.

# Angus Raised the Commercial Man's Way

## **COST EFFICIENCY = PROFITABILITY**

**F**or a commercial operation to generate a high level of cost efficient production, it must have a cow herd which will cope with fluctuating nutritional conditions and still be productive without requiring high levels of supplemental feeding. A low maintenance, productive cow herd that can efficiently utilize available resources is the key. This is a function of body type and not EPD's or other numbers.

All cattle do well when fed grain as it is an environment providing a constant level of ideal nutrition. Not all cattle do well in a grass-based environment with fluctuating levels of nutrition. Any stand-alone commercial breeding operation targeting maximum sustainable net profit is virtually a total grass based production system. At Redland Angus we are raising our cattle in the same method most of our commercial customers do and have found that only generations of cows bred to meet these requirements stand the test.

A commercial producer's net profit is tied to their herds ability to efficiently utilize what grass is available throughout the year. The same is true for us and the cattle we produce and offer for sale.

**The true value of a beef cow is her ability to convert forage to protein.  
Our goal is to provide ranchers with the type of genetics that will  
allow them to do this with as large a net profit as possible.**

3 year old pair on Winter range.

Maternal Great grand dam Miss Wix 7111 of Mc Cumber

4154 is out of a full sister to 2008. Expect the same kind of females as the cows pictured. 4154 was born with a 68 lb. actual birthweight yet he outgained all other calves in his calf crop to post a 4.67 ADG with an REA of 14.6. He is a long, deep bodied bull with excellent spring of rib. Stands square on his feet with a deep well muscled quarter.

## Commercial Females

This is the approximate # of females selling. Interested buyers may call closer to the sale for exact #s. Female delivery arrangements can be made at the buyer's expense. All females have been re-pregnancy checked prior to the sale and are guaranteed bred when loaded for shipment.

## Redland Bulls Sire Females With Unparalleled Volume, Muscle and Fleshing Ability For Your Profitability

**GDAR Game Day**  
35 Sons & Grandsons Sell.

**OCC Emblazon**  
53 Sons & Grandsons Sell.

*Game Day on Emblazon daughters best describes what the Redland Angus Range Calved-Range Raised® program is all about. This genetic combination of breeding like to like has produced some of the most predictable cattle available in the Angus breed today. Deep ribbed, heavy muscled, easy fleshing cattle that are highly efficient & thrive under harsh conditions to raise a big calf at weaning. The blending of these time tested and proven genetics will increase the cost efficiency & profitability for the commercial cattleman in a least cost, grass based environment.*
