Sorted by Calving Date, Sex and Uniformity  
AI bred to calve January, February, March and April

— BRED TO MEET YOUR CALVING NEEDS —

Broadcast On: DISH Channel 998  
[NorthernLivestockVideo.com](http://NorthernLivestockVideo.com)

# SITZ *Angus*

We would like to welcome you to the Annual SITZ Influence Bred Female Sale. We are offering a selection of heifers sourced from some of the top commercial operations in the Northwest, fulfilling our commitment to our customers and our desire to assist them in marketing their product. These heifers are the cream of the crop and are produced from well-known, reputable programs that have been long-time SITZ customers.

This sale will feature 975 head that are AI bred to the service sires SITZ Sensation, SITZ Logo, and Raven Powerball, bulls that excel for calving ease, maternal traits, and have adequate growth and carcass ability. They have all been ultrasound pregnancy tested and will be rechecked safe in calf prior to the sale.

This sale will feature 1040 head of ultrasound sexed pregnancies sorted into similar calving dates. We feel this is one of the best services we can offer you. It takes years of breeding to raise a uniform calf crop, and achieving the desired sex will only excel your program that much quicker; not to mention, these heifers are more likely to breed back better next year than ones with a spread out calving season.

We will be selling 625 head of heifers bred to low birth weight SITZ Angus Ranch bulls. These heifers will be sorted into tight calving windows.

This will be a great opportunity for you to purchase outstanding heifers in volume. These heifers are as good as you will find anywhere in the country. They are all ranch raised in high country and ready to go to work for you. These heifers are bred to have fertility to breed back early, and have the performance to wean you off a big calf that will keep you profitable.

We would like to thank all of our consigners for bringing such a great offering, and for being long time SITZ customers. Videos of each lot will be available on [NorthernLivestockAuction.com](http://NorthernLivestockAuction.com) or on our website [SITZAngus.com](http://SITZAngus.com). If you have any questions, or there is anything we can do to assist you with this offering, please do not hesitate to call.

Sincerely,

*The Sitz Family*

**SITZ ANGUS RANCH ANNUAL**  
**“GENETIC INFLUENCE COMMERCIAL BRED FEMALE SALE”**

**Lot 1            Maichel Angus Ranch**

62 Head AI Bred Heifers

\*Bred To: Raven Powerball 53

\*Expected Calving Date: January 27, 2018 (AI bred April 17, 2017)

\*Health/Vaccination: Heifers have been brucellosis vaccinated with legible tattoos and have been vaccinated with Virashield 6 L5HB and poured with Ivermectin. Prior to breeding, they were vaccinated with Reprostar VL5HB and Pyramid 5 as well as multimin. Heifers have also received the first shot of Scourguard 4K, Vision 8 with spur, and Ocuguard. Year around salt and mineral program.

\*Comment: Gentle, gentle, gentle. Moderate framed “Montana Kind”, one iron, home raised heifers out of Sitz Genetics. Used Sitz breeding since 1959. Maichel Ranch was established in 1898 in Harrison, Montana.

\*Ultra-sounded by Dr. Will Oliver

**Lot 2            Sitz Land and Cattle LLC**

71 Head AI Bred Heifers  
All carrying bull calves

\*Bred To: Sitz Logo

\*Expected Calving Date: January 28-31, 2018

\*Health/Vaccination: These heifers were brucellosis vaccinated last fall with legible tattoos. They also received Reprostar LV5 HB and Valbazen dewormer at that time. They were vaccinated twice with Fusoguard over the winter. Thirty days prior to breeding they were given Vision 8 and Bovishield gold FP5 VL5 HB, the most complete reproductive vaccine currently available. Last summer they received Longrange dewormer. Prior to the sale, they will be dewormed with Valbazen, poured with Cleanup and vaccinated with Vision 8 and Scourbos 9.

\*Comment: These heifers will make a great set of momma cows. Originating from a great cowman whose a true breeder. Heifers are sired by \$10,000 -\$15,000 bulls. There are no brands on these moderate framed heifers.

\*Ultra sounded by Dr. Liam Robbins and reprep checked by Dr. Doug Reedy

**Lot 3            Sitz Land and Cattle LLC**

59 Head AI Bred Heifers  
All carrying Heifer calves

\*Expected Calving Date: March 2, 2018

\*Health/Vaccination: These heifers were vaccinated this spring with Merck Vista 5VL 5 and Merck Vision 8. This fall they had Vista 5VL 5, and Ivermec pour on. They were given Multi-min prior to shipping.

\*Comment: These are 1 iron, medium to large framed heifers. They run on tuff, rocky ground in the spring with scarce feed and water. They are then put to the test again in November and December when they go back out on the same range land with a small amount of Sweet-Pro protein supplement and a special mineral program by Van Beek. They are gentle and great to work with.

\*Ultra sounded by

**Lot 23 Hans Bohrsen**

10 AI Bred Heifers  
All carrying Heifer Calves

\*Bred to: Sitz Epic.

\*Expected calving date: March 3, 2018 (AI bred May 22, 2017)

\*Health/vaccination: Heifers were vaccinated at preg check with Vision 8, Virashield 6+ VL5 HB (killed) and poured with ivermectin. Vision 8 and pyramid 5+ prepsense at branding and weaning

\*Comment– Heifers were fed an alfalfa/ wild hay ration last winter with mineral and summered on bottom ground pasture with no other special treatment. Heifers have lots of Sitz genetics going back to Upward, Final Product, Investment, Sensation, and Juneau.

\*Ultra-sound preg tested by: Dr. Dustin Rich

**Lot 24 Cross Y Cattle**

25 Head AI Bred Heifers  
All carrying Bull Calves

\*Bred to: Sitz Sensation 693A

\*Expected Calving Date: March 6, 2018 (AI bred on May 25, 2017)

\*Health/Vaccination: These heifers have been brucellosis vaccinated, all have readable tattoos. They have had all calf hood shots along with pre-breeding shots of 2 rounds of preg guard 10 and 8 way with spur and safeguard oral wormer. At preg checking they were poured with Cydectin.

\*These heifers come off a great cow outfit in SW Montana. They are moderate framed and have years of program type breeding in their background. Don't look past these "Montana Kind" of heifers on sale day.

\*Ultra-sounded by Dr. Liam Robbins on September 5, 2017. Rechecked prior to the sale by Dr. Ben Abbey
