Billings LiveStock Commission Co. • Billings, MT

This is the most outstanding Angus feeder and replacement sale held in America every year. They are mostly sired by top high carcass, high performance Vermilion Ranch Angus bulls. The Diamond Ring cattle are fed a high roughage background ration to grow and stay sound. They are long, thick, large ribeye cattle with tremendous quality and conversion.

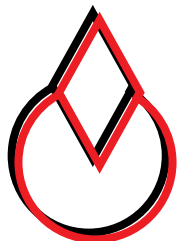

The 14th Annual *Open Consignment* Northern Livestock Video Auction will be held in conjunction with the Diamond Ring offering. This is an excellent opportunity for cattlemen to consign and market in a premium selling event.

Welcome To Our Fall Performance Sale!

As we approach our 50th year of breeding Angus cattle, we are proud of our accomplishments. The program was established years ago by Pat Goggins and it has been one that meets the demands of the industry from production to the consumer.

Our cows are functional, feminine and have generations of productive performance. We have the strongest herd sire lineup we have ever had on the Vermilion Ranch with sires Spur, Countdown, Conformation, Game Day and Privilege to name a few.

We've got a strong lineup of bulls beginning with a tremendous set of fall bulls and two year olds that are big and stout.

As we have done in the past, we are dispersing all our 2009 born cows, a highly productive group that has been partly responsible for any success we've had. An added feature is the sale of all our April calving cows that are 3 to 6 years old and come from the heart of the herd. There are 46 outstanding registered heifers bred to Countdown, Conformation and our latest herd sire, Connealy Doc Neal.

A big part of the sale are the 1600 bred commercial Angus heifers. They represent the very best genetics with a solid Vermilion influence. You won't find a better set of heifers selling in volume anywhere.

We have put a lot of added value to a great set of heifers. They are AI bred to Connealy Countdown and Sitz Conformation 689A, two really outstanding calving ease sires. The pasture bulls are all sons of Countdown. All these heifers are ultrasound pregnancy tested, the calves are sexed and will calve in short calving periods.

We're going to wrap up the sale with the ever popular dispersion of the Diamond Ring 2009 born cows. They all have raised calves since two years old and are cake broke.

Come join us at the Red Lion Hotel & Convention Center (formerly the Billings Hotel & Convention Center) on Friday evening, November 25th for a Prime Rib Buffet and Social.

What a powerhouse! He continues to be a top performer in so many ways. His bulls are big volume, well muscled bulls with great eye appeal. His first daughters are weaning big calves and are ideal in their makeup. His EPDs are just as impressive: Top 5% weaning, top 10% yearling, top 15% milk, top 10% marbling, top 20% ribeye, top 4% \$W, top 10% \$F, top 3% \$G. His offspring are the most docile cattle we have ever been around. He is a herd changer!

Privilege is doing a great job. His sons were the high average selling sire group of our Spring Sale. They are clean, really attractive, thick made, high performing bulls. He is in the top 10% weaning and top 20% yearling weight EPDs. His dam is a flush sister of SAV Resource 1441 from the famous Blackcap May family at Schaff Angus Valley.

Countdown is calving ease at its best. He has been used on several thousand purebred and commercial heifers with tremendous success. He can also be used on cows as some of our best performance bulls in the Spring Sale were by Countdown out of cows. His calves will grow and amount to more pounds at weaning.

Game Day has been one of the most consistent, good bulls we have used. His bulls are popular with their kind, really thick made, correct with total performance. The highest weaning and yearling weight bulls in the sale are sons. We're into the second year of his producing daughters, and they are some of the best. \$ Values are really good where they count: Top 2% \$W at +76.59

Several of the top fall bulls are sired by this young bull that we purchased from Vollmer's in North Dakota. He has tremendous balance, muscle and performance. He's by the breed performance leader, Koupals B&B Identity and goes back to an outstanding producing daughter of Sitz Alliance 6595 that the Vollmer's purchased out of our Cow Dispersion in 2007.

An exciting young sire who was our pick from the Connealy Spring Sale. He offers a different bloodline and excellent performance. He weaned at 822 lbs., yearling wt of 1307 lbs. He is very eye appealing and is a well muscled, free moving, big volume bull. We think he has a real future in the Vermilion program.

A bull that needs no introduction to Angus breeders. He's the record setting bull of Dave Hinman's selling at \$350,000. He just ties together so many important traits from birth to \$Values. He's a good one that will be around a long time. We have bred him to some of the best in this sale.

NOTES

We are featuring all of our April calving cows in this sale! They are very productive young cows bred to top Vermilion bulls.

• Lots 491 through 521 have production records of ratios over 100 weaning and yearling on their calves.

• Lots 522 through 542 are coming three year olds who have raised calves weaning from 600 to 750 lbs.

Some of the cows were in a multi-sire breeding pasture. Vermilion Ranch will pay for DNA parentage on any calves resulting from these matings.

Lots 651 through 753 are sisters to the two year old bulls selling. They are purebred heifers sired by Spur, Privilege, Countdown and Game Day to name a few. Most all are pasture bred to outstanding Vermilion bulls and are grouped into short calving periods to calve in March and April.

MARCH & EARLY APRIL CALVES

BRED TO VERMILION BULLS

Once again we are selling an outstanding offering of bred commercial Angus heifers. These heifers are the tops of over 10,000 heifers we purchased from our customers in the fall of 2015.

They are all one iron heifers that will be sorted back to their origin and sold in uniform lots. Dr. Ralph Miller ultrasound pregnancy tested the entire offering. The heifers will also be pregnancy checked by our veterinarian, Dr. Bryan Roe just prior to the sale. We will sell them as to bull calves and heifer calves where possible and all lots will be in short calving periods. A tremendous amount of work and effort has been put forth to put added value to these heifers. First and foremost, they are an outstanding set of heifers that the quality never ends.
