

NR Spring Performance Sale

Thursday & Friday, MARCH 26-27

6000 ANGUS SELL!

Featuring The First Sons Of
CONNEALY SPUR

Connealy Spur 17304082 is an exciting new sire for us. He sires tremendous length, muscle and eye appeal! These calves come right and grow to be some of the heaviest weaning weight bulls in the sale. They display fantastic dispositions and have as much tomorrow as you could ask for. This picture was taken after 40 days of breeding on the fall cows.
