View and Bid Live Online

Bid through Northern Livestock Video Auction's Online Bidding Platform! Desktop and Mobile Friendly.

FROM YOUR DESKTOP:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once approved an email will be sent to the email account provided. Please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

FROM YOUR MOBILE DEVICE:

1. Use your mobile device to download the Northern App and follow the above steps to get approved.

There is an instructional video on how to register to bid on our website, www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

PHONE BIDDING:

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

Northern Livestock Sale Day Bid Line: 406-245-0889

To register with NLVA, call 866-616-5035 Before Sale Day.

View the Online SALE BOOK and VIDEO CLIP of each lot selling at www.northernlivestockvideo.com

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

HERD HEALTH: Sale bulls have been vaccinated with Vision 7-way/Somnus, Inforce3, Pyramid 5 with Prespense and Ivomectin at turn-out with a booster. At weaning, they were boosted with Pyramid 5 with Prespense. They will be semen tested and vaccinated for foot rot.

About the Bulls: By putting emphasis on structural soundness and high fertility bulls (large testicles), we feel this creates longevity and extra value for our customers. Bulls are gentle and easy to handle.

ANNOUNCEMENTS: Announcements made from the auction block take precedence over information contained in this catalog.

LIABILITY: Grandview Angus does not assume any liability in case of accidents.

DELIVERY: Free delivery within a 500-mile radius of Rapid City. Delivery will start last week of March. Heifers are buyers responsibility directly after the sale.

GUARANTEE: See First Breeding Season Guarantee on page 11.

Terms of Sale: Settlement is to be made on sale day. Cattle will not be released until payment is received. All registered animals will be transferred. One-hundred percent revenue-sharing interest is being sold on all bulls with only within-herd semen use being retained. If collected we request 100 units free.

Insurance: Lewis agency will available sale day to insure any bull you want.

Our Difference.

- Sires and dams are available for viewing
- Complete vaccination program
- Complete performance information
- All parentage verified by DNA
- All lots have genomics-enhanced EPDs
- 12 years of Genomics and DNA behind every bull
- Home raised all bulls raised on the Ranch
- Free keep of bulls until April 1, 2026
- Free delivery on bulls up too 500 miles
- Free semen evaluation before delivery
- Feeder and heifer calf marketing aid
- Satisfaction guaranteed
- Volume discounts

**The bulls are developed under the direction of
Greg Doctor at Midwest Livestock Service**

**Grandview genomics scores available online at
www.grandviewangus.com**

Grandview Angus

Program & Philosophy

**“Program
designed
for bulls
to sire
steers that
pay and
heifers to
stay.”**

Here at Grandview, we don't chase trends or follow the popular choices just because everyone does. We still use the philosophies that we were founded upon when Dan & Amy first started Grandview: Gentle cattle, thickness always sell, and pounds are still king. We thrive to meet the industry standards for Certified Angus Beef without losing sight of what makes the rancher money, heavy calves. In the fast & ever-changing world of the cattle industry, we continue to focus on what we know, Gentle cattle, fertile cattle, thick, easy fleshing cattle, and pounds.

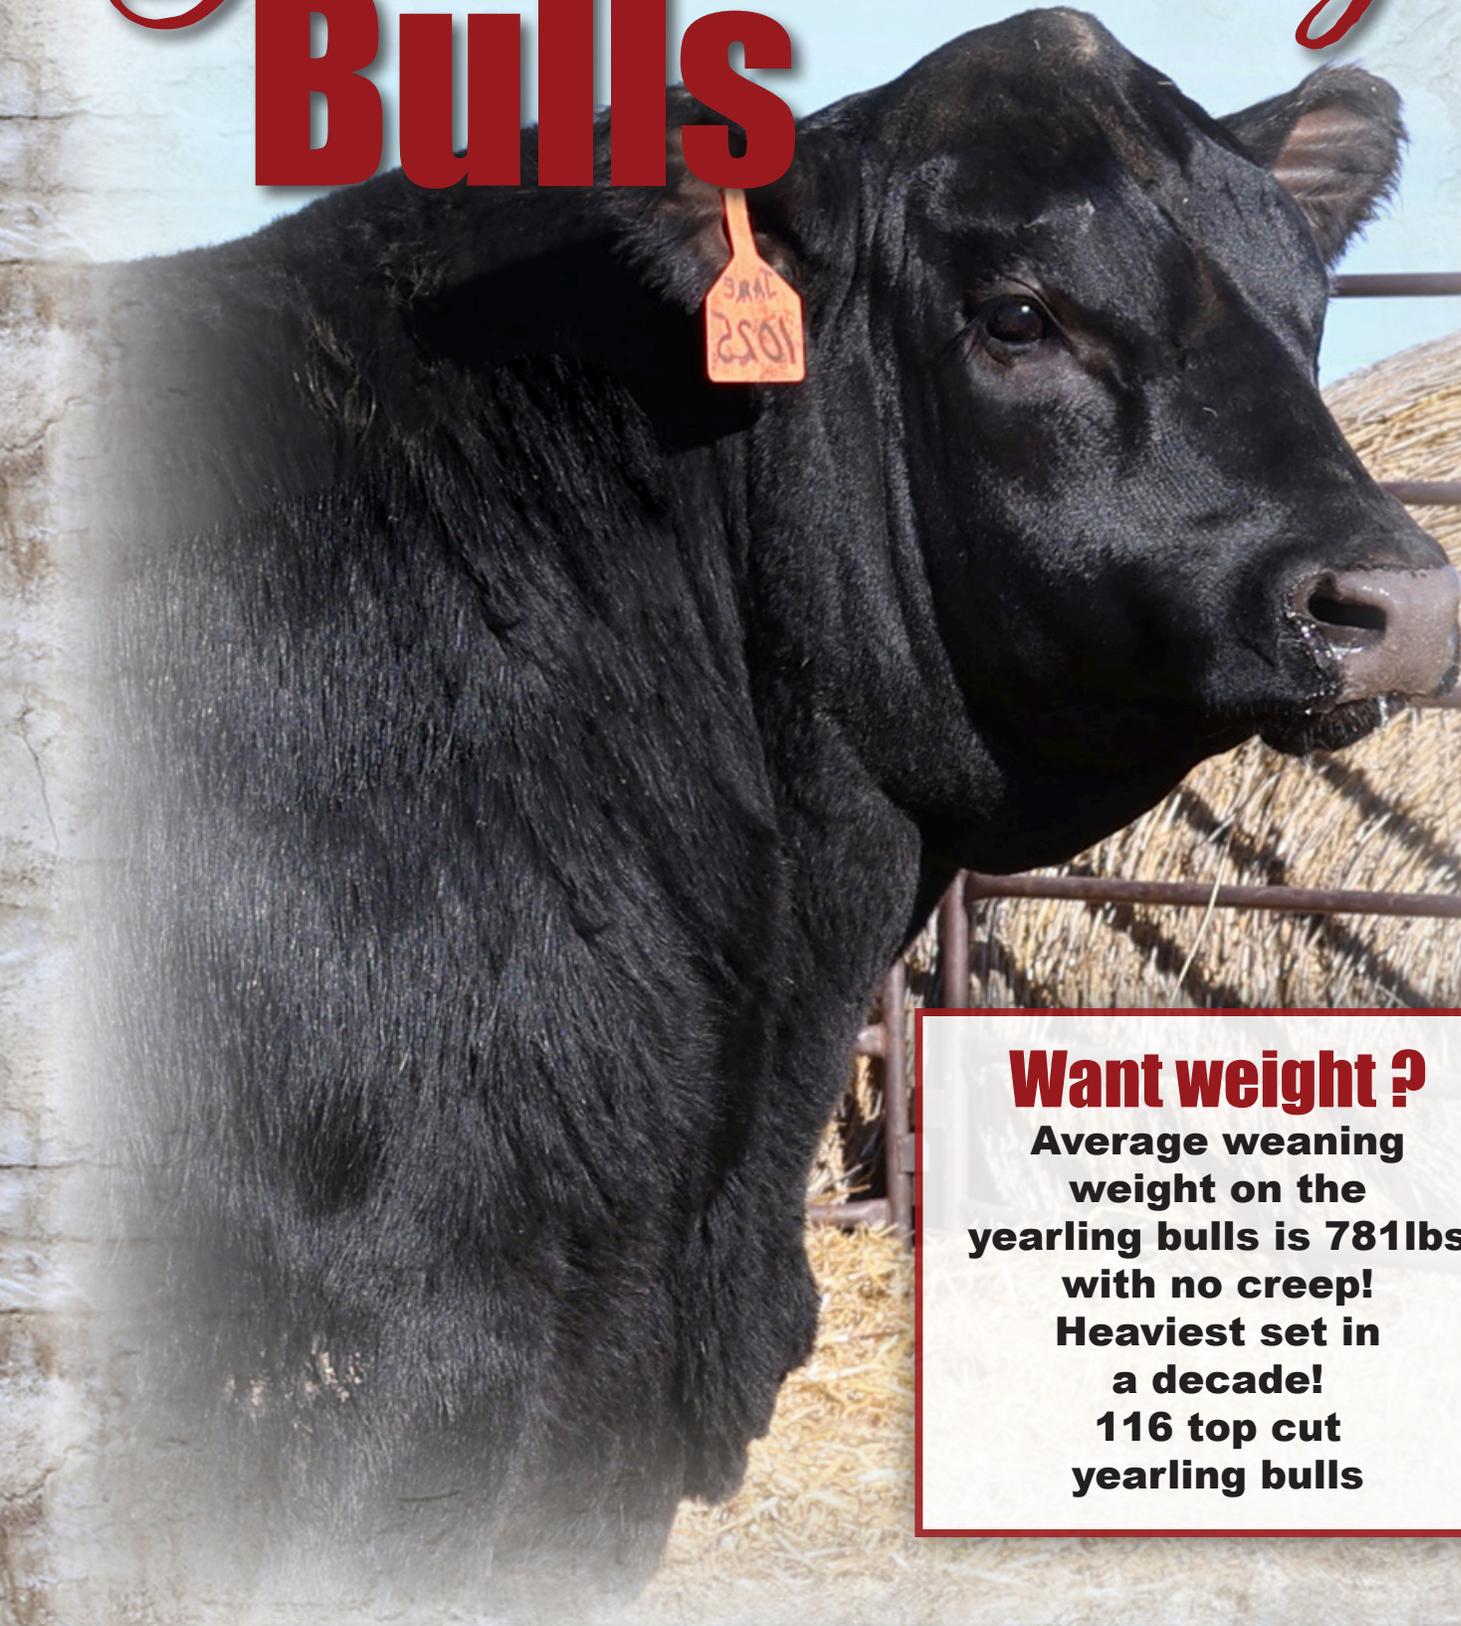

Our strength is our tremendous cow herd. Maternal to us is not a dollar number or some sale pitch but a way of life, we ask our cows to breed back every year and produce heavy calf every year. Cows are in big pastures and must travel so bad feet don't make it. They calve in the cold of January, so they better have great mothering ability and good udders because we don't have time or weather does not all to get cows in the chute to nurse. We push AI concept rates to the max limits and if not over 80%, we think we failed and have open rates under 4% every year. We are very proud of that, and you will notice that as we don't have large number of bulls sired by clean up bulls for that reason. We also have 12 years of Genomics and DNA testing not just behind the bulls but on all the cowherd as well. With that much testing we feel our numbers are justified and verified. The Fall herd was built by January heifer calves getting bred by neighbors' bull in late august, so we created the fall herd. Our fall herd was also built by using embryo transplant, so it was not roll over the open cows or late breeds, but it was built with a purpose of creating age advantaged bulls that produce pounds. Our fall herd is 1/3 of the size of the spring herd but more elite than spring herd. Ask any one of us where the power cows are located and it's an easy answer the fall herd.

Here we don't rely on or say **“Buy our bulls and we'll bid on your calves”** to sell our product. Our use a pie chart to show people we are affordable. At Grandview Angus, we like the genetics and product that speaks for itself first and foremost. Our goal is not to sell you bulls and buy your calves back, or basically just rent your cows out for a year. We have developed connections & relationships with each level of the cattle industries to help our customers. We let the genetics speak for themselves, then help market and work with those connections to help our customers. We focus on providing the best service to our customers that we can. We stand behind our bulls and like to hear feedback as that helps us be better producers. Good, bad, or just want to visit, we're here for it all.

Our goal is consistency, from the top end to the bottom end. We pride ourselves on breeding high performing bulls (most of which are home raised) to our thick beef cattle. We want to provide the same quality of bull at the start of the sale to the end for our customers. Many of our customers sell by group or load, so providing that consistency to their calves throughout is what allows them to often top the market whether its heavy steers or fancy high functional heifers. We try and provide bulls are get in done in rough conditions and preform for there owners. We also sell steers in the fall too and any bull that cannot make it in our Philosophy they head down the road.

Grandview Gentle cattle will make life easier, and no one is getting a younger, so who is going replace you so why not use disposition to help make life easier!

Yearling **Bulls**

Want weight ?

**Average weaning
weight on the
yearling bulls is 781lbs
with no creep!
Heaviest set in

PAT TRASK AND FAMILY

WASTA, SD

"Ultra thumbs up to Grandview Angus. Our cow and calves are indicators of the top of the market on sale day for long term reasons; the calves and parents are the most efficient forage converters and of carcass value for the feeder. Grandview genetics and handling is gentle and docile as the pedigrees ! Absolutely Premium Cattle and Family."

- Curve bender! Come out light and watch them grow
- Top 1% for \$W
- Dam is an ET daughter out of Diesel's mother

Guarantee

All bulls will be covered by Grandview Angus if they are injured during their first breeding season and unable to return to service during that first breeding season. Breeding season is defined as the 60- day period following the first turnout of the bulls. The bulls are guaranteed to be fertile and reproductively sound. If a replacement bull is available, he will be provided, or if a buyer prefers credit towards a bull in the following sale. 100% of the value of the injured bull minus salvage value will be given as credit. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. Bulls sold for less than 4000 dollars have no guarantee. All claims must be made by September 1st, 2026.

DEAN AND BECKY JOHNSON

DRY WELL RANCH

"We have purchased bulls from Grandview Angus for the past 15 years for our commercial cow herd and the experience has been nothing but positive. What brings us back year after year is their strength in genetics; cattle that will perform in the pasture without sacrificing carcass quality. They are a trusted partner in our cattle operation and their customer service and understanding of the beef market set them apart."

ROB BRAATEN

RHAME, ND

“National Beef Wire on October 20, 2025, recorded a record sale in Bowman, ND achieved the top US price for 700-799 lb steers, with 90 hd averaging 712 lbs. selling for 445.00 cwt. These great steers were from the Braaten Ranch in Rhame ND. Been using Grandview genetics for decades now. Great management unlocks the genetic potential and lets genetics work for the rancher.”
