

FOCUS ON THE FACTORY
Bull Sale

Saturday

March 7, 2026

Headwaters Livestock Auction

Three Forks, Montana

Lunch at noon • Sale at 1:00 pm

Selling **67**
ANGUS BULLS

Cattle Producers & Friends,

Our family is very excited to welcome you to our third annual “Focus on the Factory” bull sale.

What a time it is to be in the cattle business! With record high calf and cow prices our philosophy has not changed. Only the top 45% of our 2025 bull calf crop is in this sale, these are the bulls that performed the best while on the cow to ensure that you are getting only the highest quality.

With our “Focus on the Factory” breeding philosophy we select our bulls by what kind of female they will leave in our heard. We believe that behind every great bull calf or steer calf is an outstanding mother cow.

The bulls are being developed at Veltkamp Feedlot. They are being fed a high roughage ration with a target of 3lbs per day gain. All the bulls have been HD 50K tested to provide added EPD accuracy and verified parentage. They are fertility tested and ready to go to work for you.

All of our bulls are fully guaranteed for one full breeding season. If you have a concern with your bull let us know.

We invite you to take a look at the bulls any time prior to the sale just let us know and we will meet you at the feedlot.

If you are unable to attend the sale but are interested in purchasing a bull, the sale will be live on the Northern Livestock Video Auction. You will need to get registered with them 24 hours in advance.

Thanks to Ron Frye for his advice and help with marketing. Ron is also available for any questions.

We thank you for your support at last year’s sale and look forward to seeing you on March 7th at Headwaters Livestock in Three Forks MT.

*We feed ‘em - we breed ‘em - we calve ‘em - we know ‘em
so if you have any questions give us a call!*

Bid through Northern Livestock Video Auction's NEW Online Bidding Platform!

Desktop and Mobile Friendly

Desktop

1. It is best to use the Google Chrome web browser.
2. **Pre-Register at least one day prior to the sale.**
3. Go to **bid.northernlivestockvideo.com** and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit **www.northernlivestockvideo.com** to view and bid!

Mobile

Use your mobile device to download the Northern Livestock Auction App and follow the above steps to get approved.

There is an instructional video on how to register to bid on our website, www.northernlivestockvideo.com

Phone Bidding:

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone. **To register with NLVA call 866-616-5035 Before Sale Day.**

Northern's Sale Day Bid Line: **1-406-245-0889.**

View the Online CATALOG and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com.

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

WELCOME TO THE 3RD ANNUAL KIMM ANGUS "FOCUS ON THE FACTORY" BULL SALE!

While this marks just the third annual sale for the Kimm family, their experience in the Angus business runs far deeper. Tom and Riley are seasoned cattlemen who understand what it takes to build cattle that work in the real world. Kimm Angus is built around the foundational traits the Angus breed is known for—maternal strength, doability, calving ease, performance, structural soundness, and overall quality. At the end of the day, the cow comes first, and every breeding decision reflects that mindset.

The "Focus On The Factory" philosophy says it all. Quality females are the engine that drives long-term profitability, and your bottom line is only as strong as the cow herd behind it. Few breeders stand behind their program the way Tom and Riley do. Their word is their bond, and their no-questions-asked guarantee speaks volumes about their integrity and confidence in the cattle they produce.

As we head into 2026, the beef industry continues to present tremendous opportunity. Strong calf markets reward producers who invest wisely, and this offering of Angus bulls is designed to take the guesswork out of that decision. These are proven genetics bred with purpose—cattle that will add value, consistency, and longevity to your program.

Tom, Riley, or I would be glad to visit with you about this year's offering and help you find bulls that fit your needs. We look forward to seeing you in Three Forks on March 7th. If I can assist you in any way prior to sale day, please don't hesitate to give me a call.

-2	+2.6	+66	+114	+23	+1.71	+50	+84	+68	+56

Calving Ease Direct (CED) EPD: is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which an sire's calves will be born when he is bred to first-calf heifers.

Birth (BW) EPD: The birth weight EPD is a predictor of an individual's contribution to its progeny's weight at birth and is a comparison of breed average, measured in pounds.

Weaning (WW) EPD: The weaning weight EPD is the amount of increase or decrease in weaning weight you could expect from the progeny of a bull compared to an average bull in the breed for weaning weight, measured in pounds.

Yearling Weight (YW) EPD: The yearling weight EPD is the amount of increase or decrease in yearling weight one could expect from the progeny of a bull compared to an average bull in the breed for yearling weight, measured in pounds.

Milk EPD: The milk EPD is a predictor of a sire's genetic merit for milk and mothering ability expressed in his daughters, measured in pounds. It is that part of weaning weight attributed to milk production.

Actual Birth Weight: The actual weight of the calf within 24 hours after birth, measured in pounds.

205 Day Weight: The weaning weight of the calf adjusted to a common age of 205 days and adjusted for the age of the dam, measured in pounds.

205 Day Ratio: A direct comparison of one calf to all others in his contemporary group. A weaning ratio of 100 is always average.

However, some individuals are "average" only because their contemporary group was small.

Scrotal Circumference EPD (SC): Expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Marbling EPD (Marb): Expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area EPD (RE): Expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Maternal Weaned Calf Value (\$M): An index value expressed in dollars per head, predicts profitability differences from conception to weaning with the underlying breeding objective assuming that individuals retain their own replacement females within herd and sell the rest of the cull female and all male progeny as feeder calves.

Weaned Calf Value (\$W): An index value expressed in dollars per head, is the expected avg difference in future progeny performance for preweaning merit.

The Black Mass offspring are structurally sound cattle. We are excited about the calves we have; the bulls have shown great growth potential. The daughters are as uniform a group as you could want; if you've seen one, you've seen them all!

Also featuring Black Mass grandsons, sired by KA Black Mass 093 (Reg# 20823472). 093 was the top-selling bull in our 2024 sale to Crouthamel Cattle Co.

WHY WE TEST WITH HD50K™ FROM ZOETIS

Powered by HD50K™ from Zoetis, our cattle sell with genomic-enhanced expected progeny differences (GE-EPDs).

With GE-EPDs, we're confident that customers like you can minimize risk in their investment — and enhance the productivity of your cattle.

The benefits of buying HD50K-tested bulls and heifers goes beyond added accuracy for the complete range of traits for more productive daughters and progeny. You'll know early on what that animal is likely to transmit to its offspring and potential for performance in the feedlot and on the rail. You can also match the HD50K tested sires you buy from us to replacement heifers — through GeneMax® Advantage™ — to make better-informed breeding and management decisions down the road.

Knowing an animal's potential. Continuous progress of your herd. That's why we test with HD50K.

Number of progeny records in conventional genetic evaluation needed to achieve the same accuracy as GE-EPDs powered by HD50K

Trait	Progeny Equivalents
Heifer Pregnancy (HP)	17
Calving Ease Direct (CED)	26
Birth Weight (BW)	23
Milk	36
Docility (Doc)	12
Claw Set (Claw)	10
Foot Angle (Foot)	10
Scrotal Circumference (SC)	15
Weaning Weight (WW)	27
Yearling Weight (YW)	23
Dry Matter Intake (DMI)	12
Yearling Height (YH)	17
Mature Weight (MW)	15
Carcass Weight (CW)	15
Marbling (Marb)	11
Ribeye Area (RE)	17
Fat Thickness (Fat)	14
